DOORS + WINDOWS

2024 Collection

Introduction

As we enter the 3rd decade of serving our clients, we reflect on our history...

Communication

AR maintains constant communications with our partners.

Trust

AR understands that trust is the foundation of our relationships.

Commitment

To all of our friends, architects, interior designers, general contractors, landscape architects; We all share a common goal – serving your clients needs.

**ARCHITECTURAL
RESOURCES
& ASSOCIATES**

It is a privilege to be invited to join each new project, working with architects, designers, and general contractors, striving for one common goal, our client.

We are listeners.

We are always absorbing the many cross conversations that take place and transforming those into ideas that create and enhance the finished product, our clients new home.

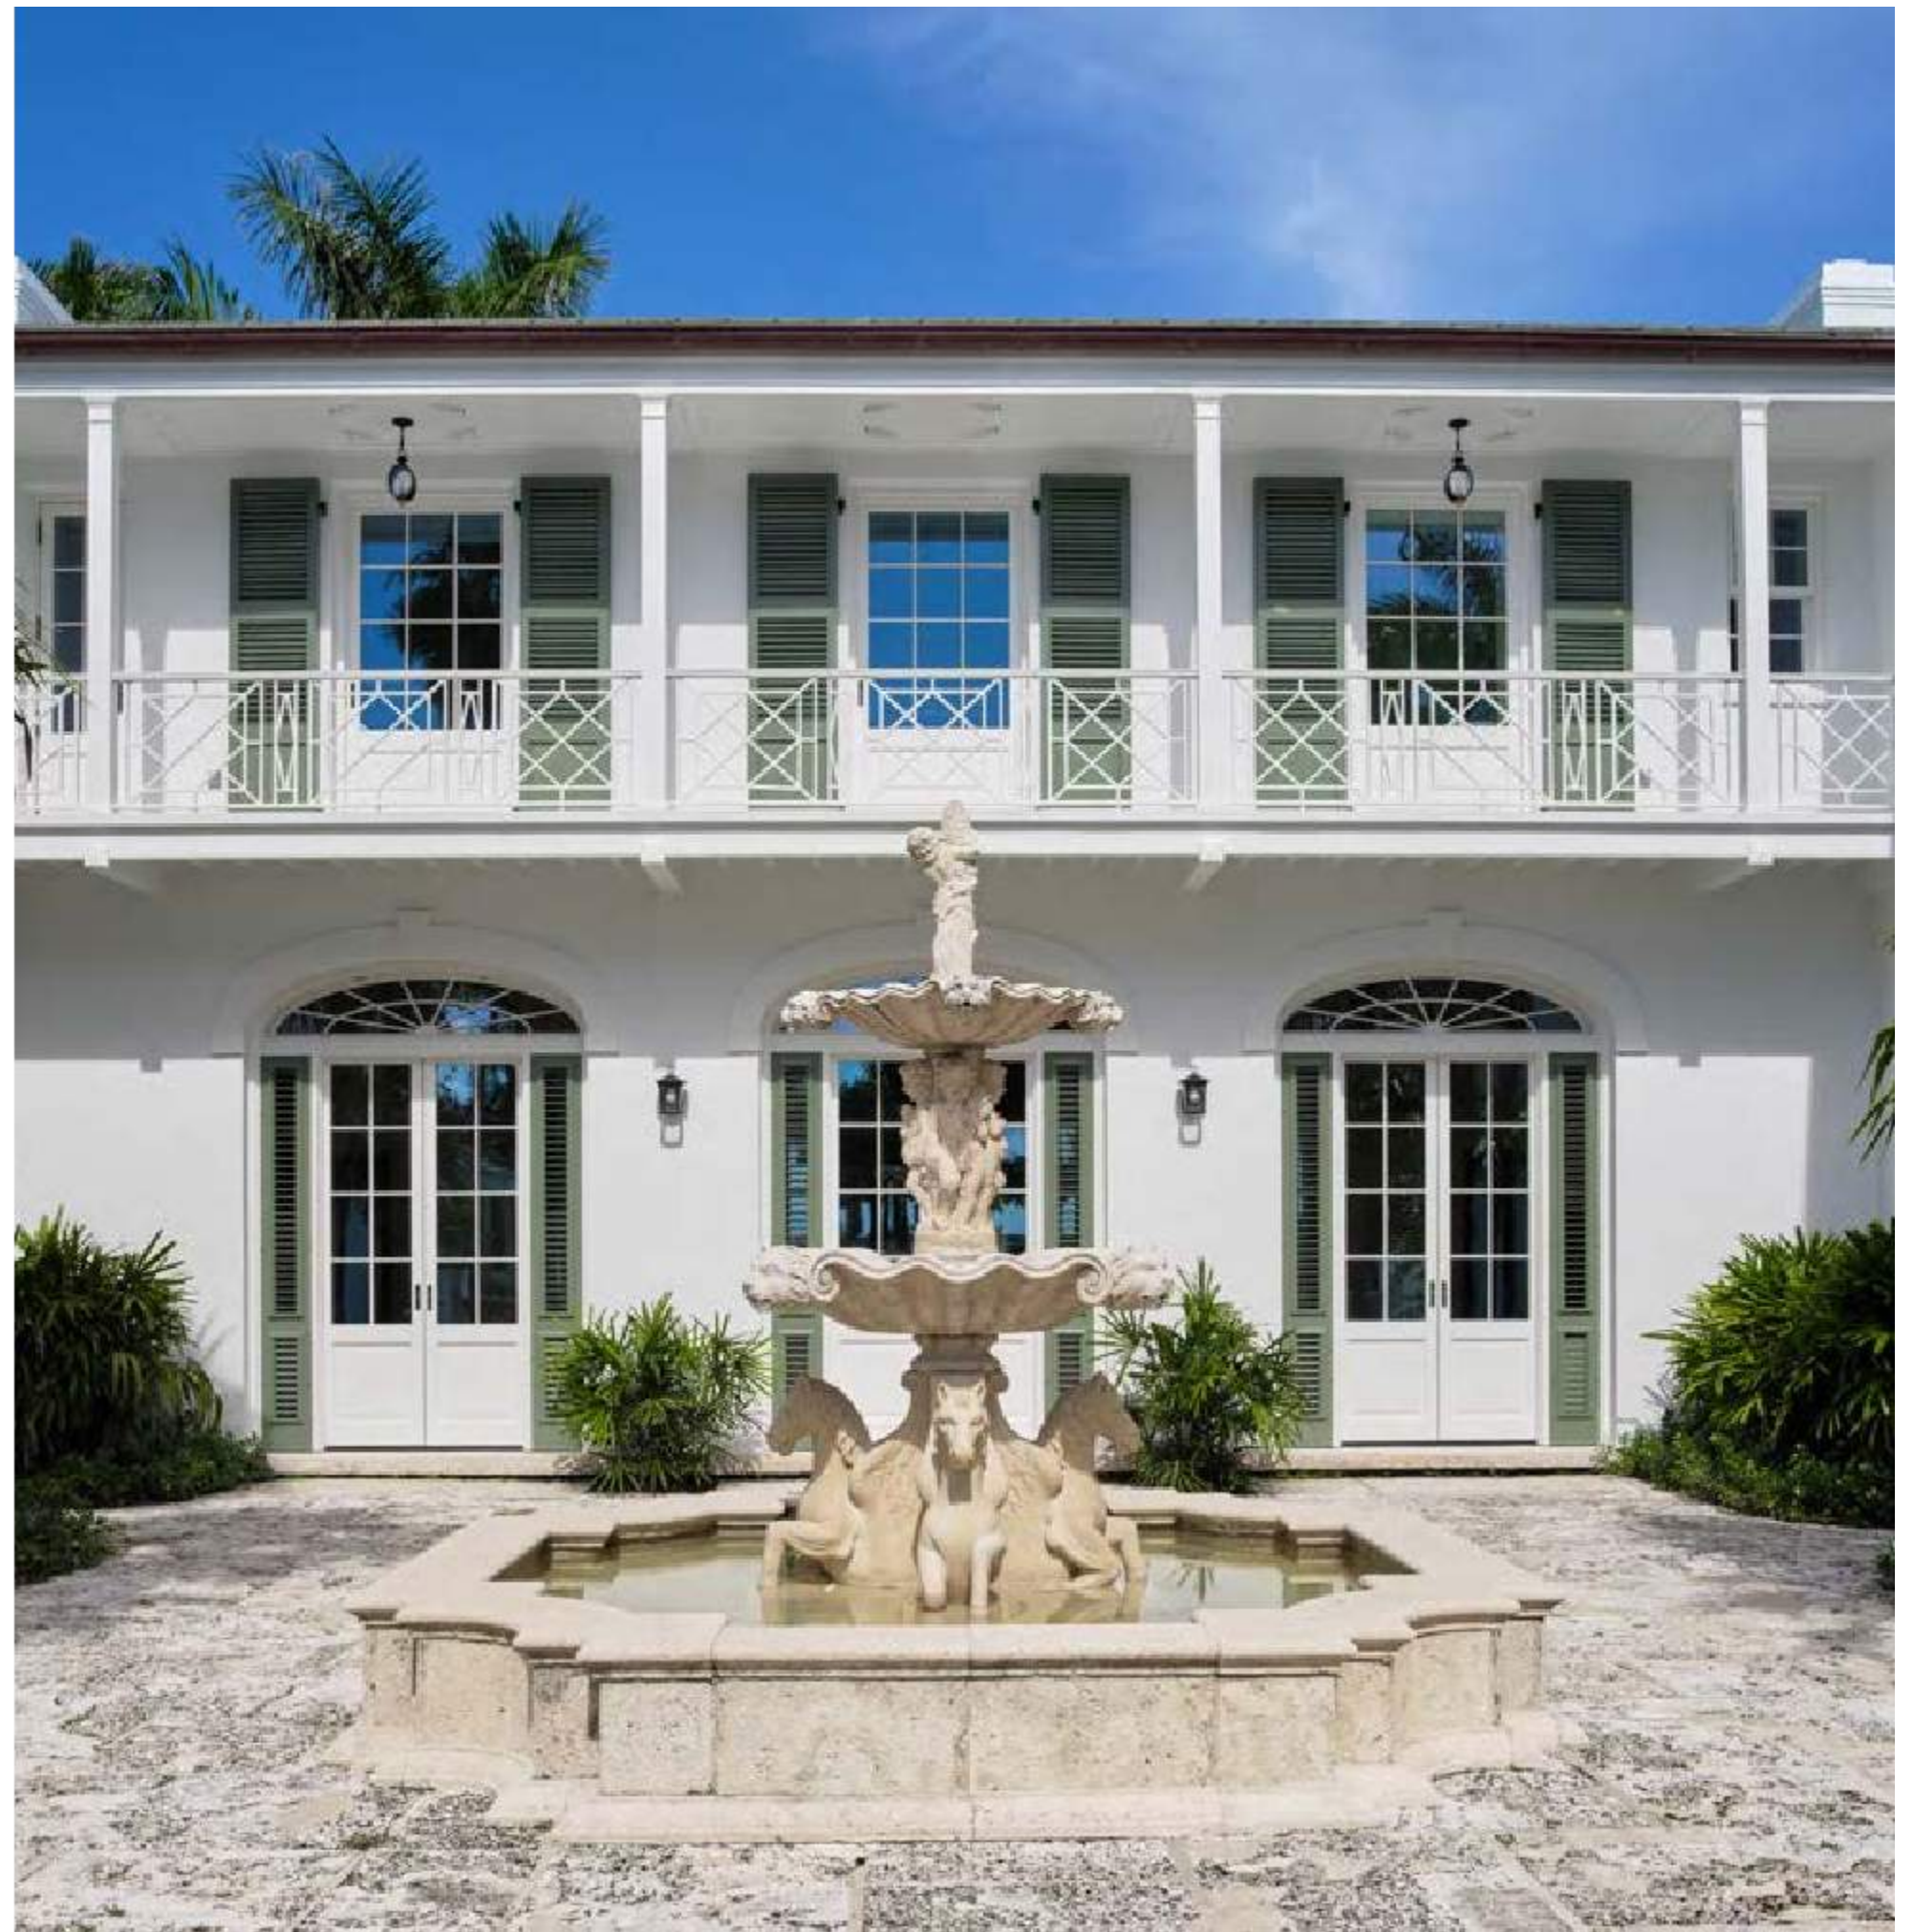

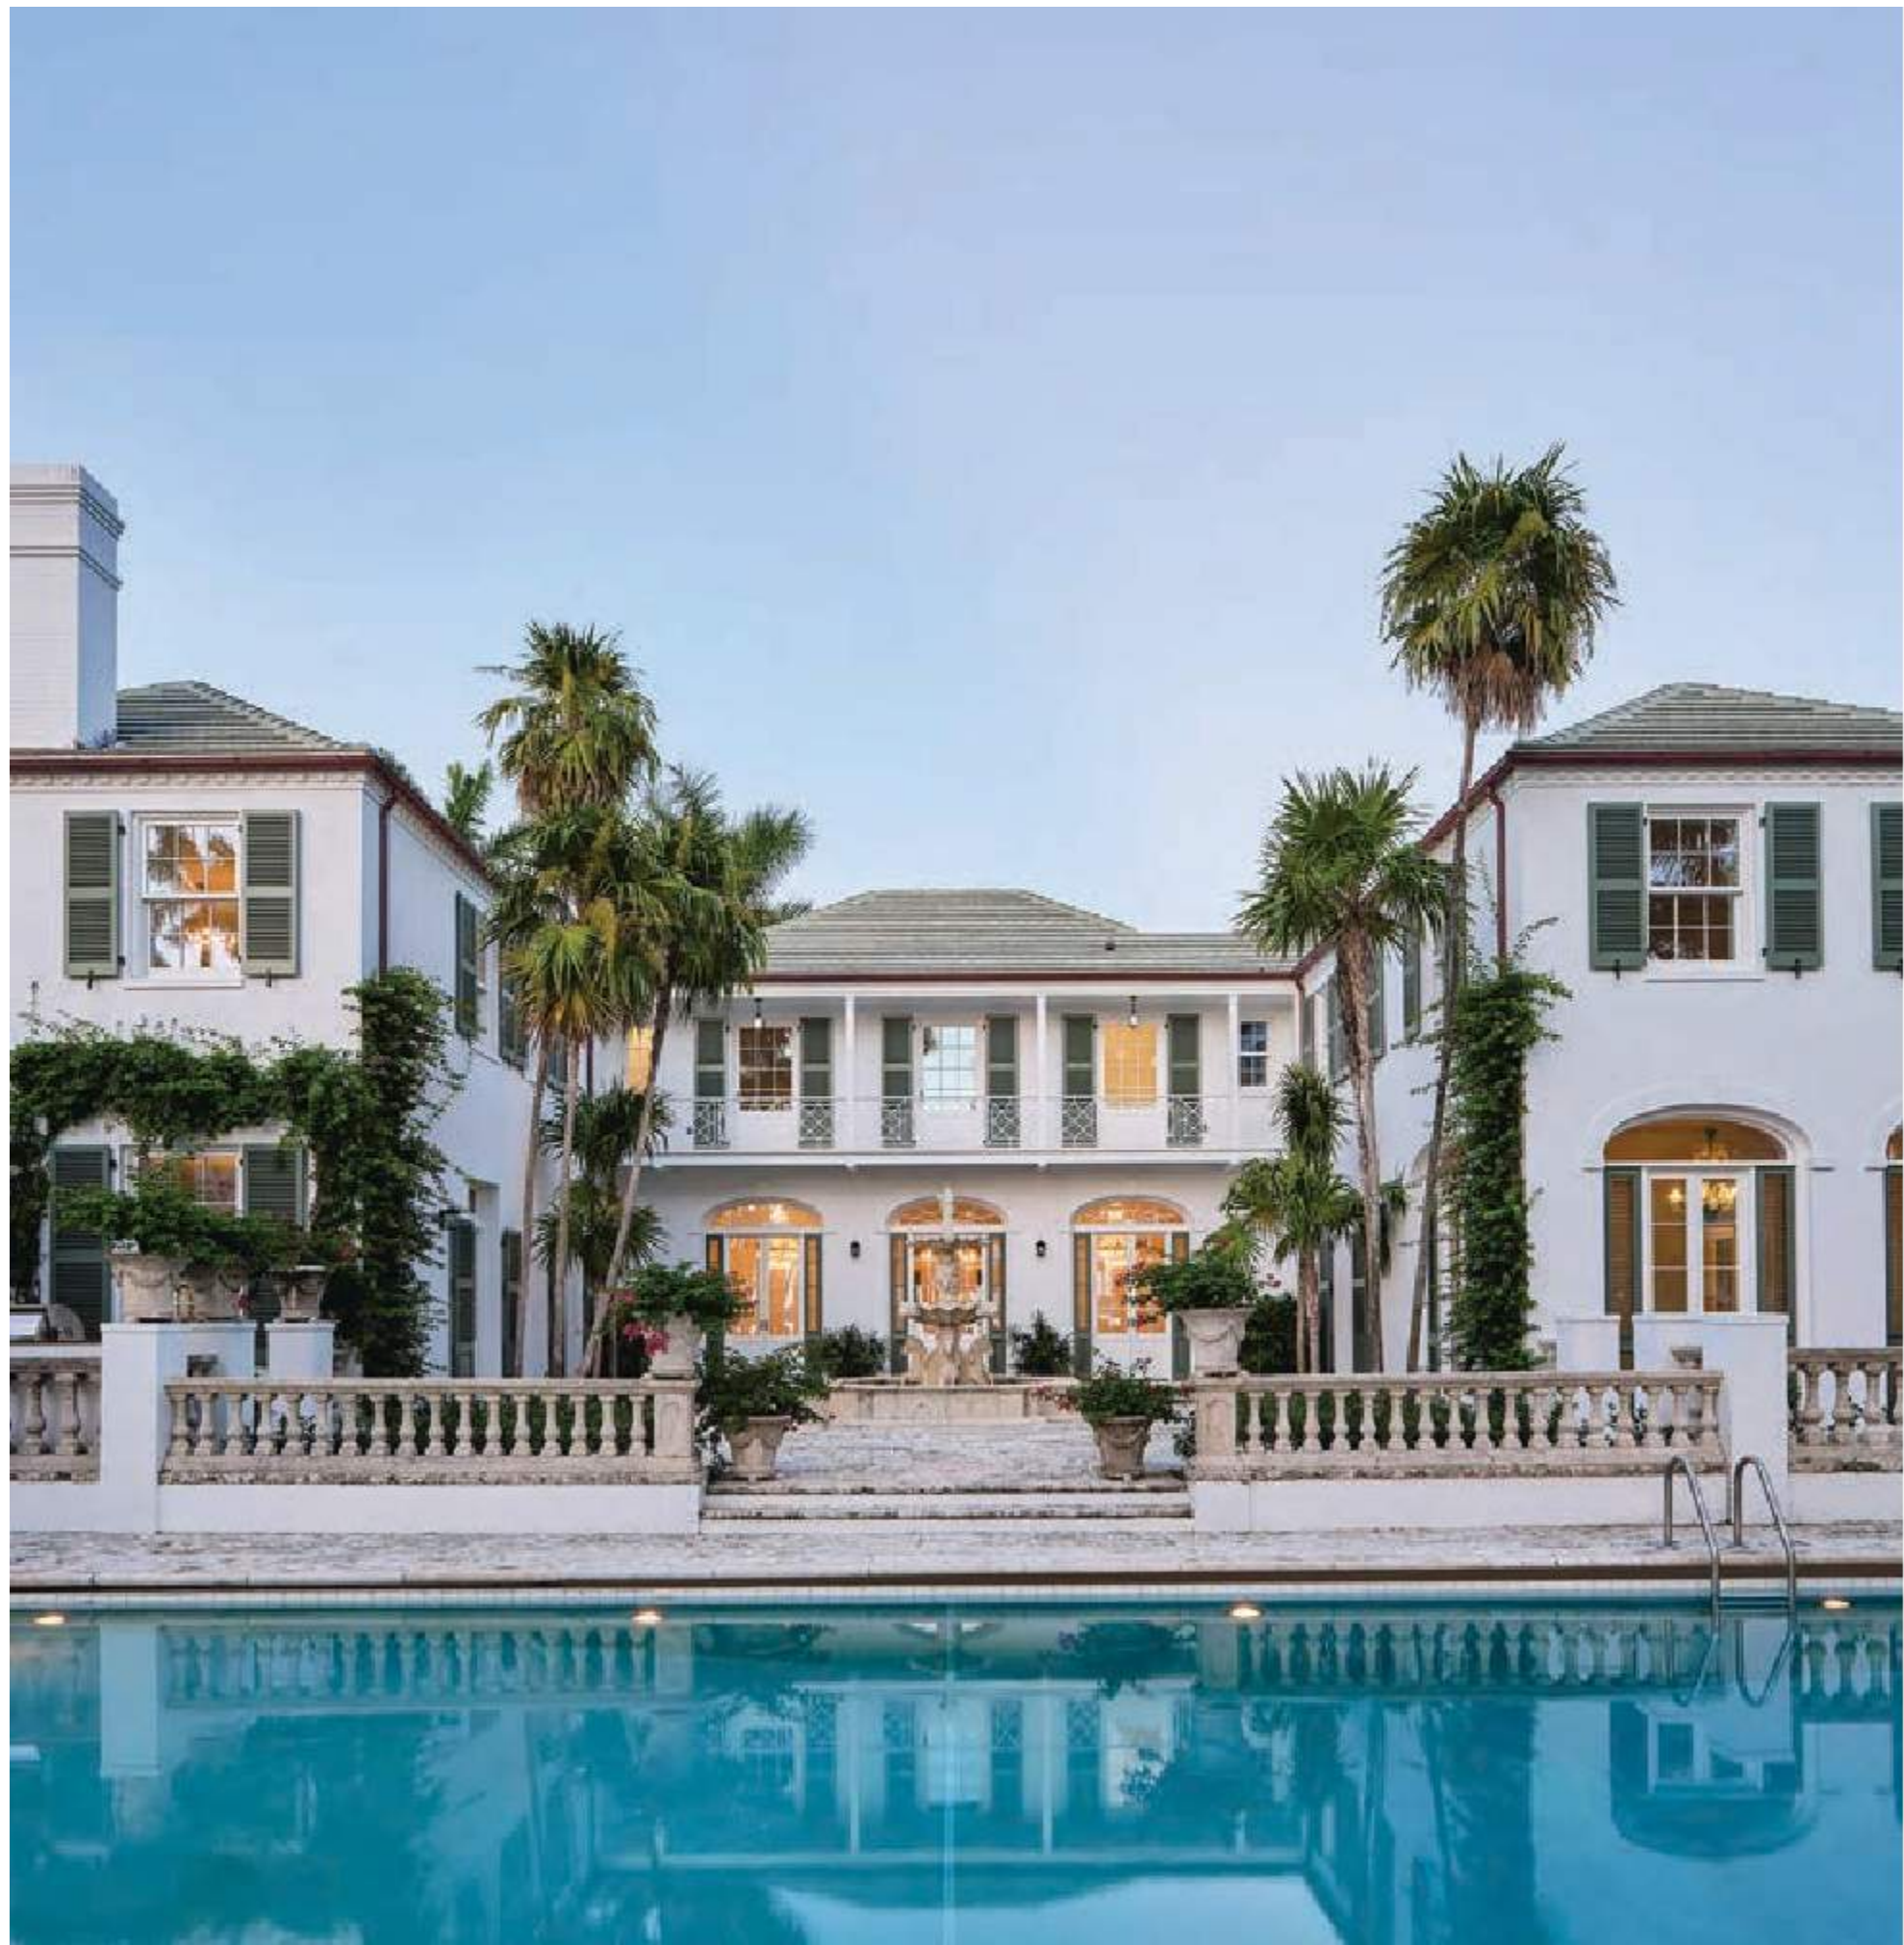

GERALD BUXBAUM

WOOD DOORS + WINDOWS

Architectural Resources prides itself in its choice of manufacturers that produce the finest custom wood doors and windows. Our commitment to a 35+ year tradition, to our ongoing investments in technology, innovation, and decision to source from only well managed forests; every aspect of our business will ensure that our clients receive exceptional craftsmanship that is paired with unsurpassed service. Our wood impact doors and windows provide the highest level of hurricane protection, energy efficiency, and superior strength. We are confident that our clients will have the peace of mind knowing that our product is the industry benchmark for high quality and integrity.

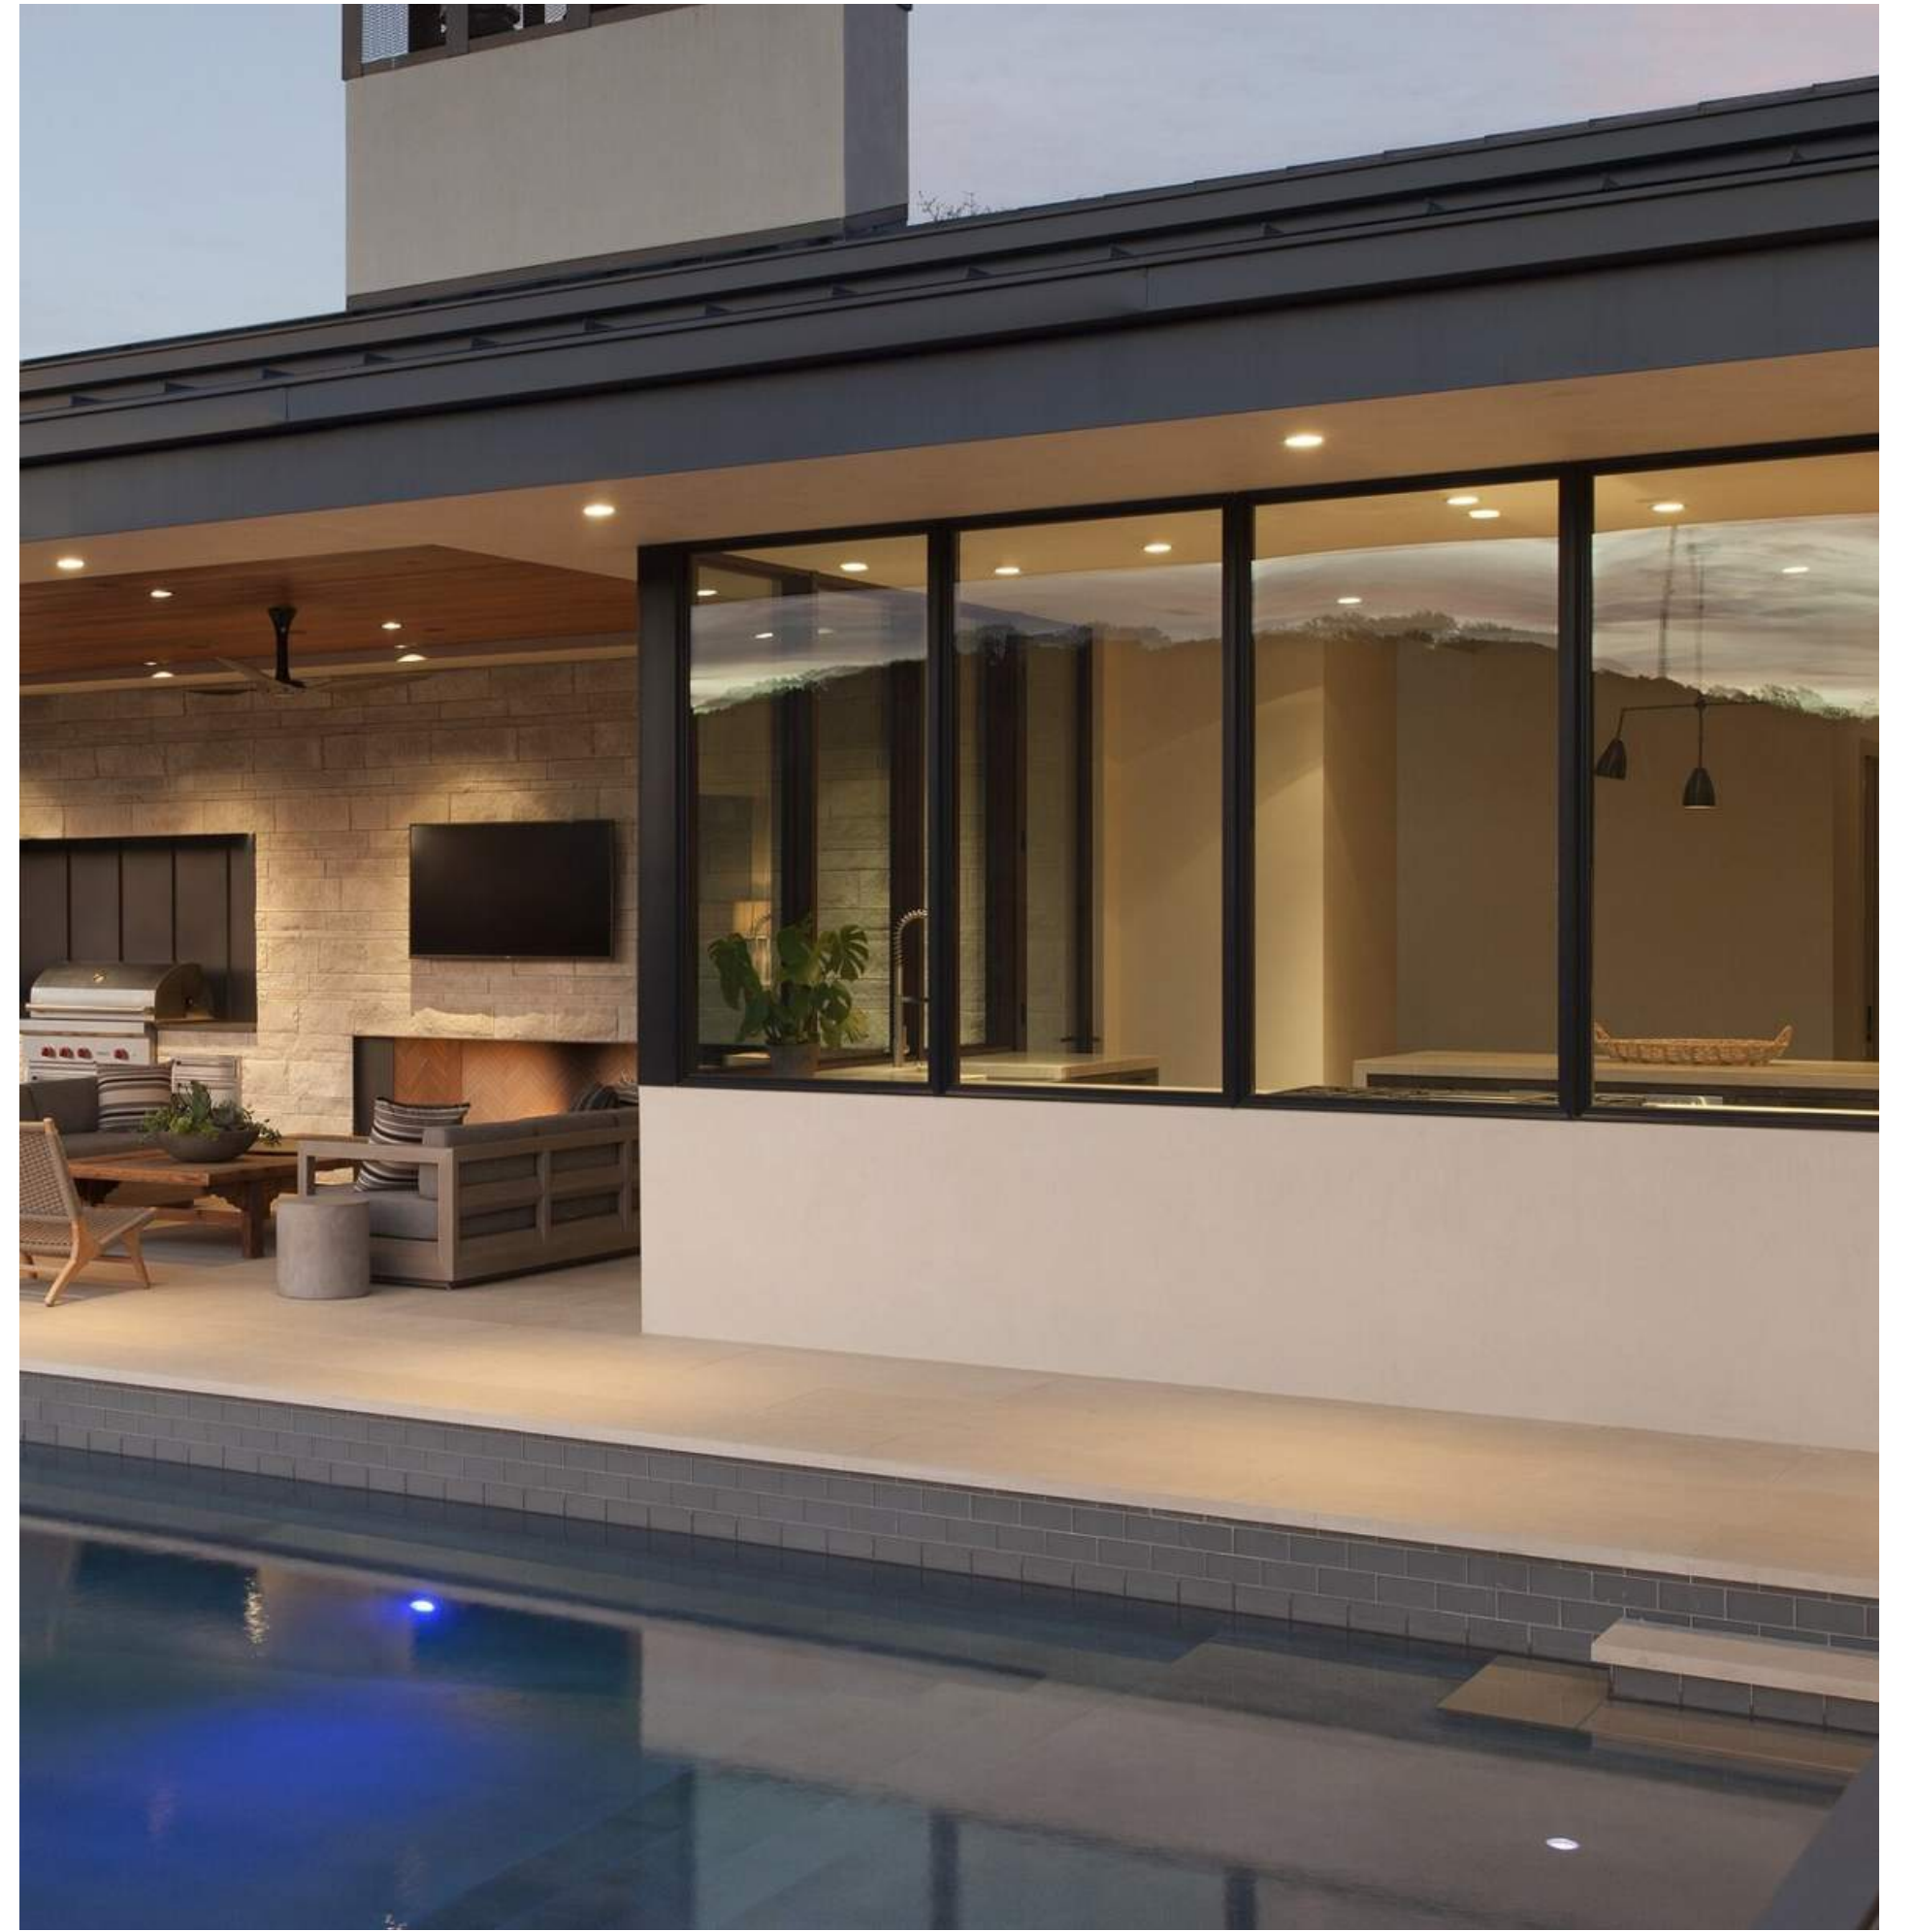

WINDOWS

Our all-wood windows are manufactured with a solid wood interior and exterior. We offer complete flexibility of profiles, wood species, and finishes. Our windows can be factory finished with your choice of solid color paint or stained with a transparent Milesi finish coat.

COMMUNICATION

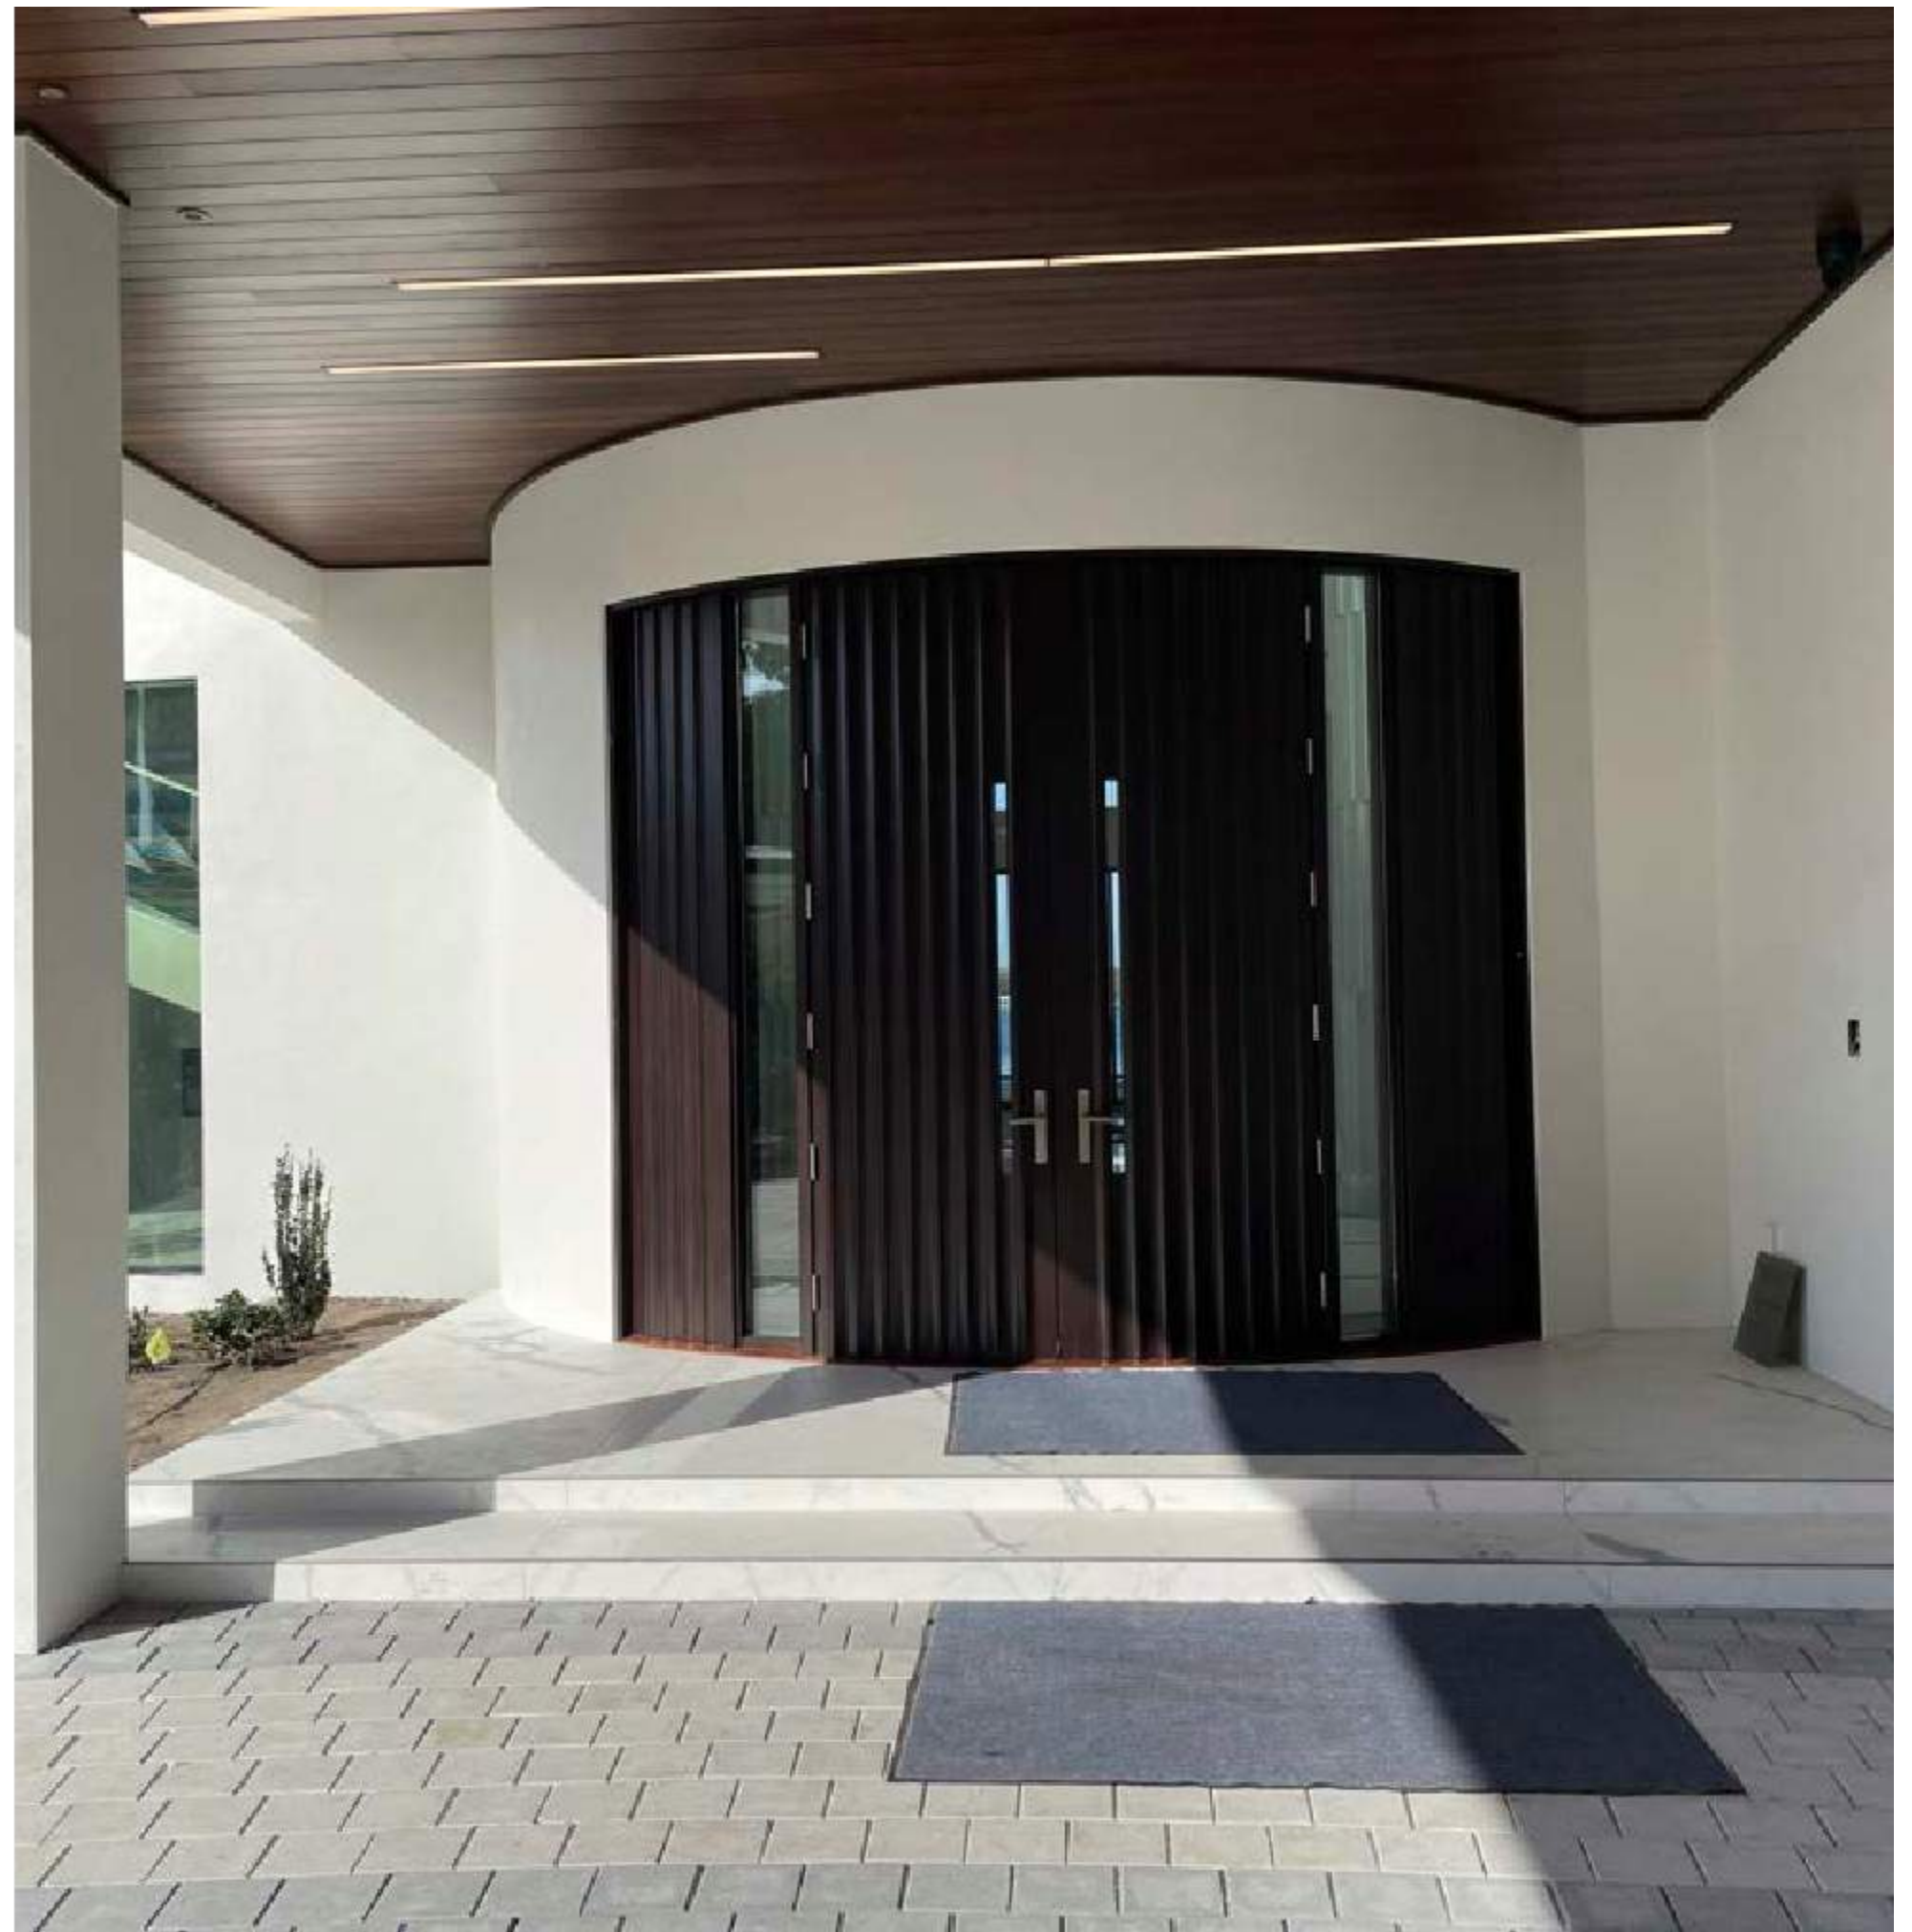

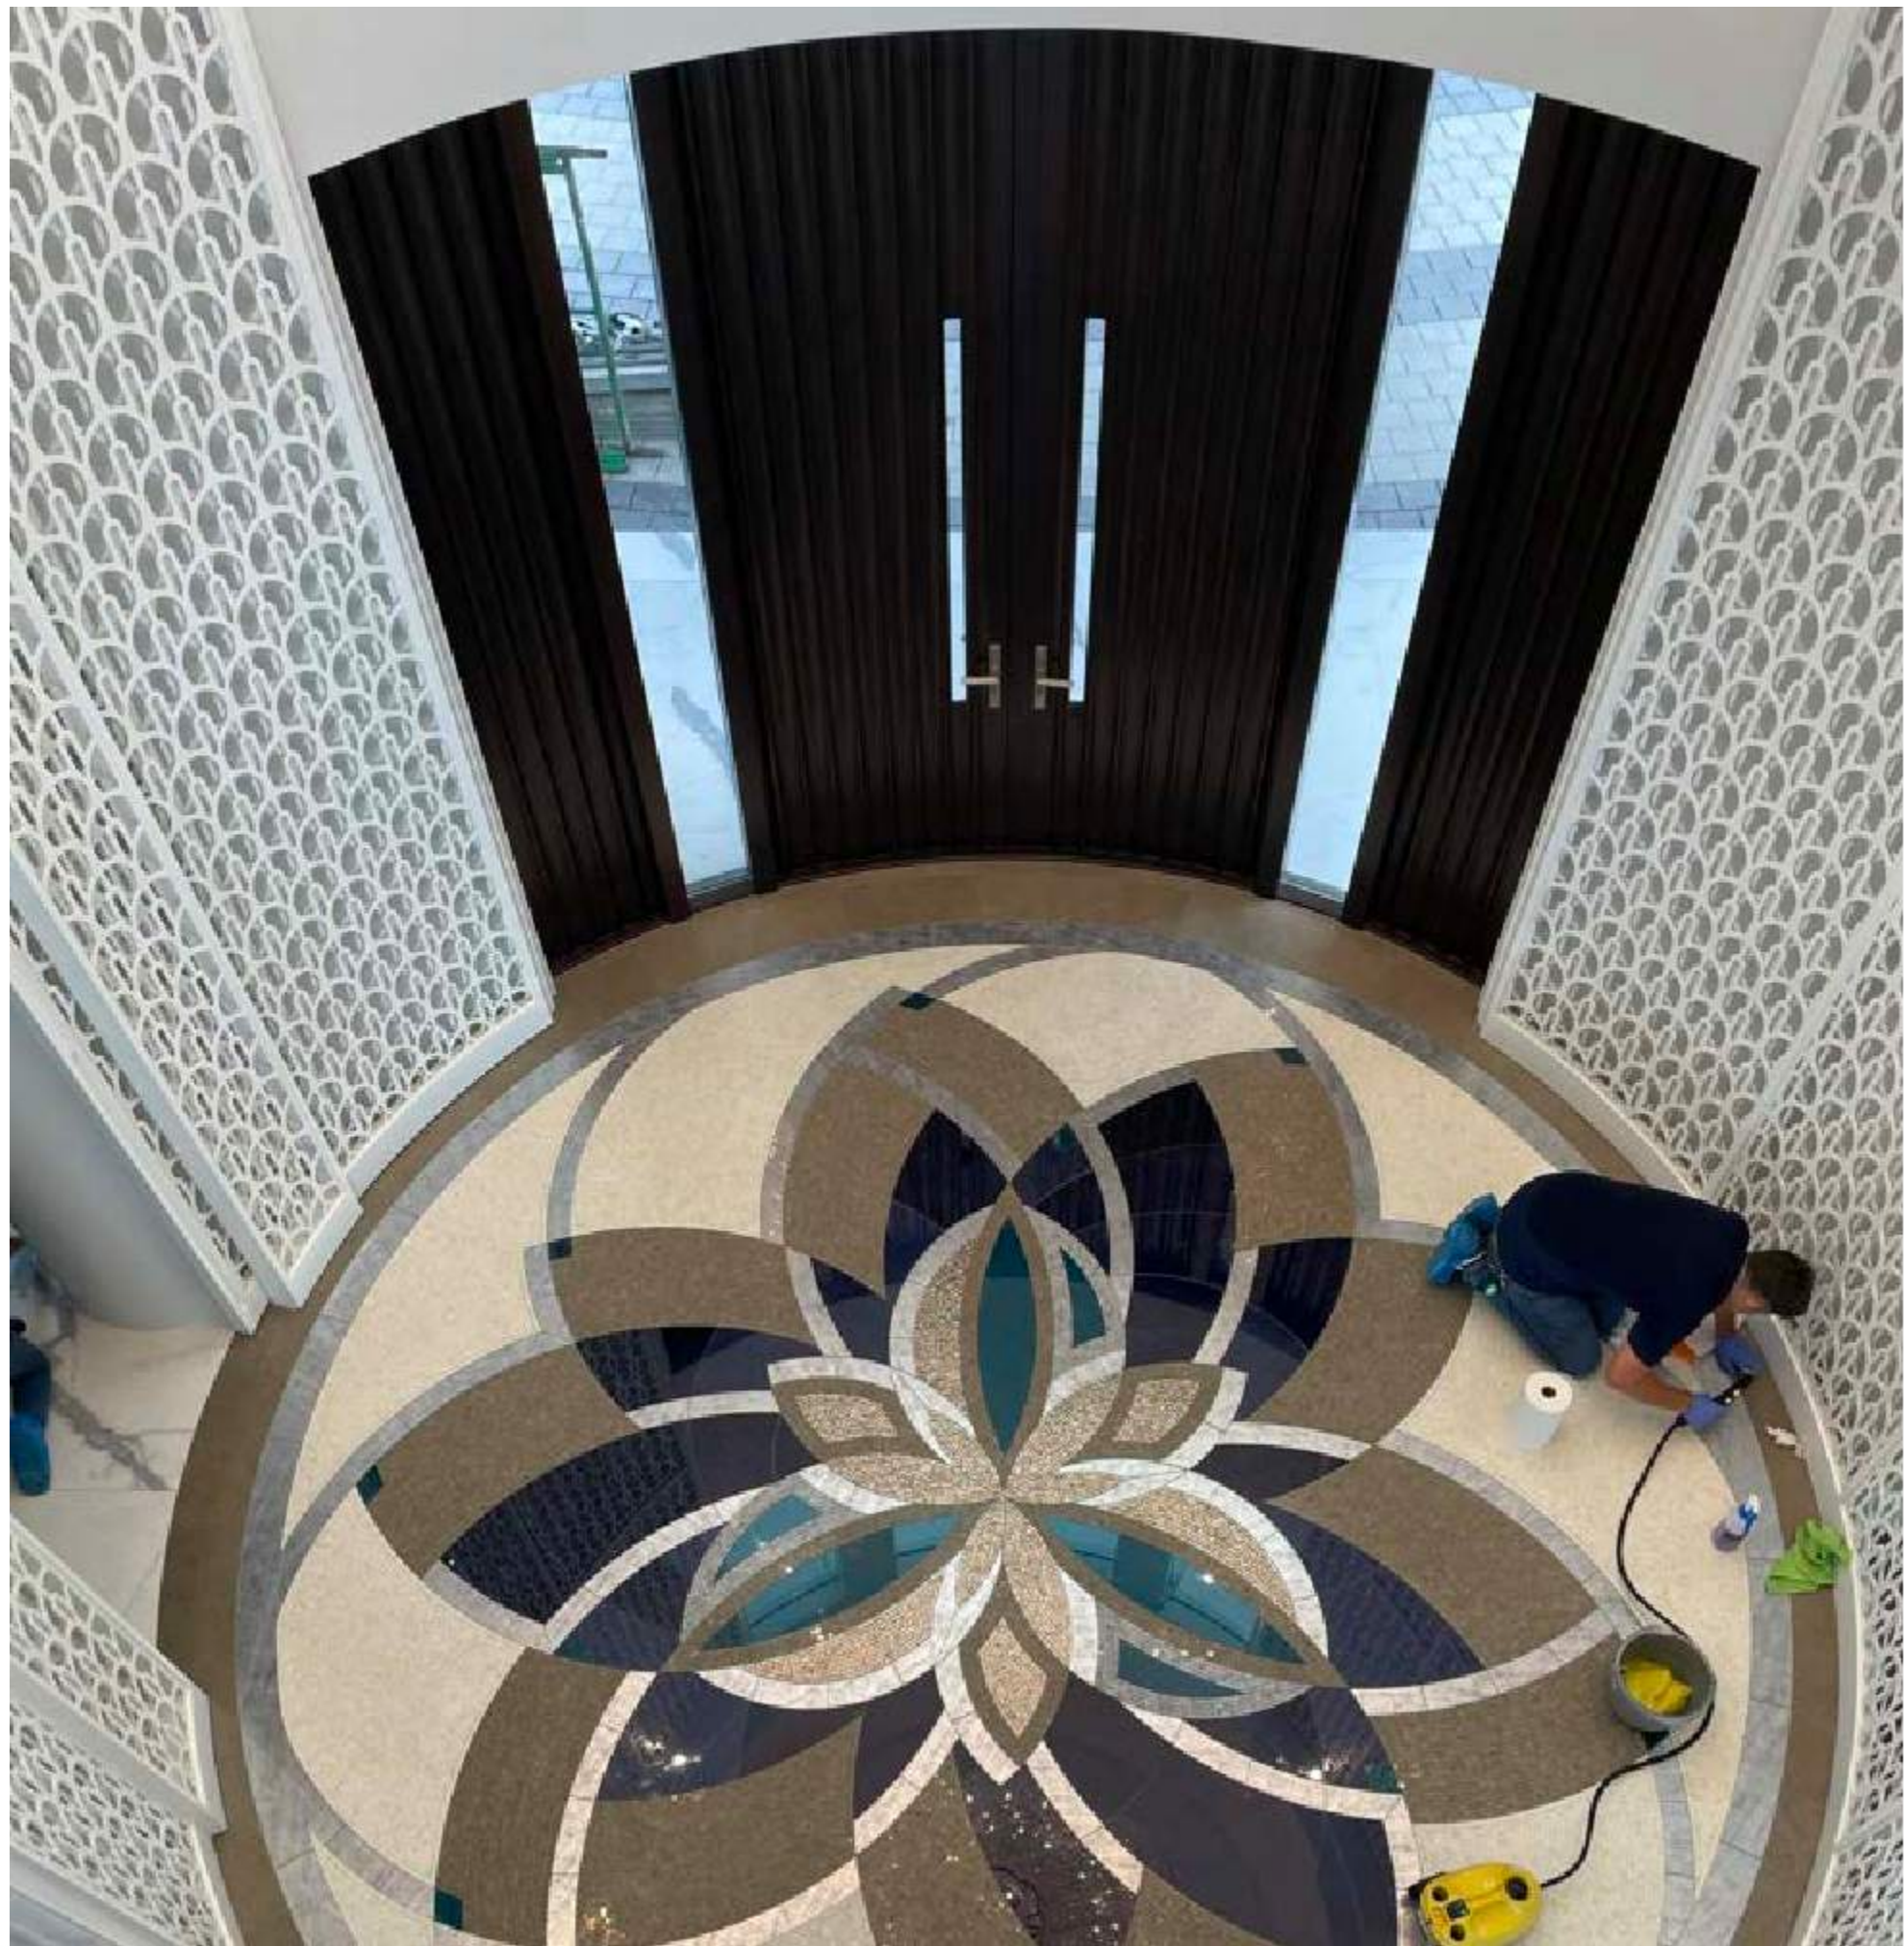

We maintain constant communication with all our partners.

STEEL + ALUMINIUM DOORS + WINDOWS

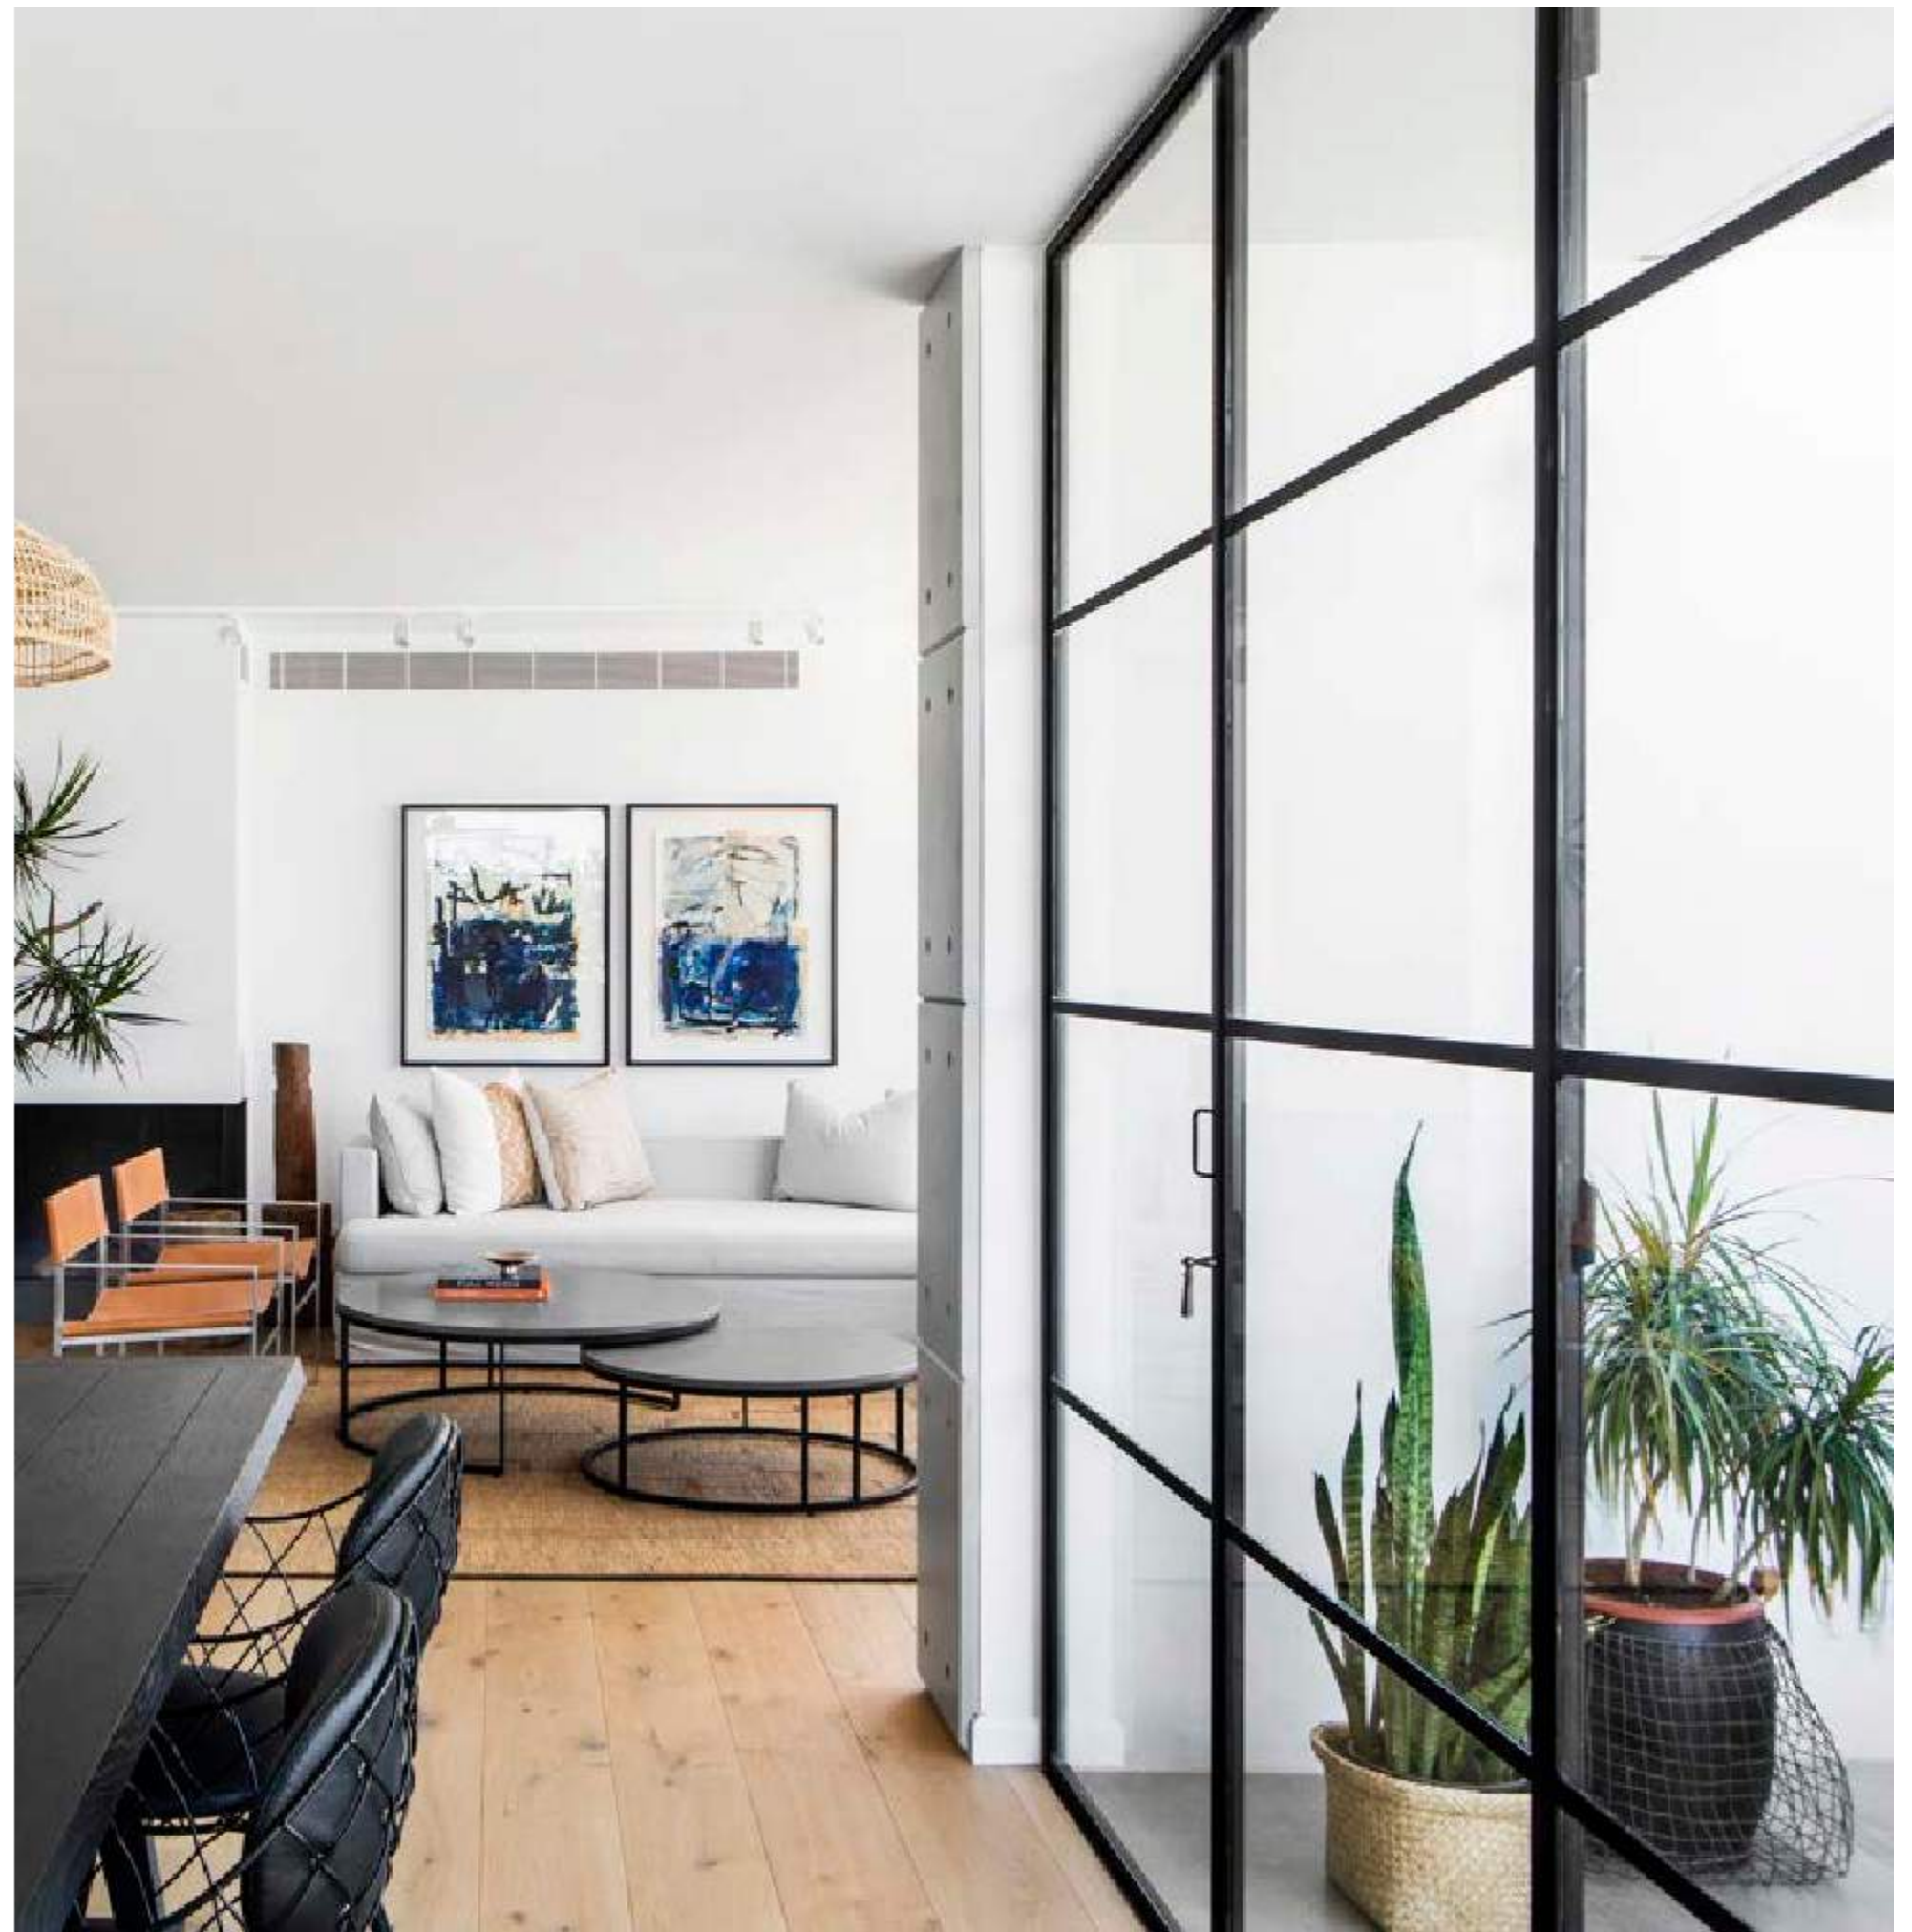

Our goal is to make your custom window and door project as stress-free as possible. For this reason, we work as part of your home design team for each and every project, from the first drawing to the final installation. We are committed to providing you with innovative technology such as thermally broken windows and doors, ADA compliant, hurricane-rated systems and noise reduction options. In addition to ensuring the safety of your family, we also believe it is imperative that all projects are aesthetically pleasing.

STEEL

Architectural Resources' manufacturer's expertise in steel windows have been proven to hold the highest standard of design and quality. The sleek, crisp lines of steel make a bold statement that inspires warmth, creativity, and innovation while delivering timeless elegance and sophistication.

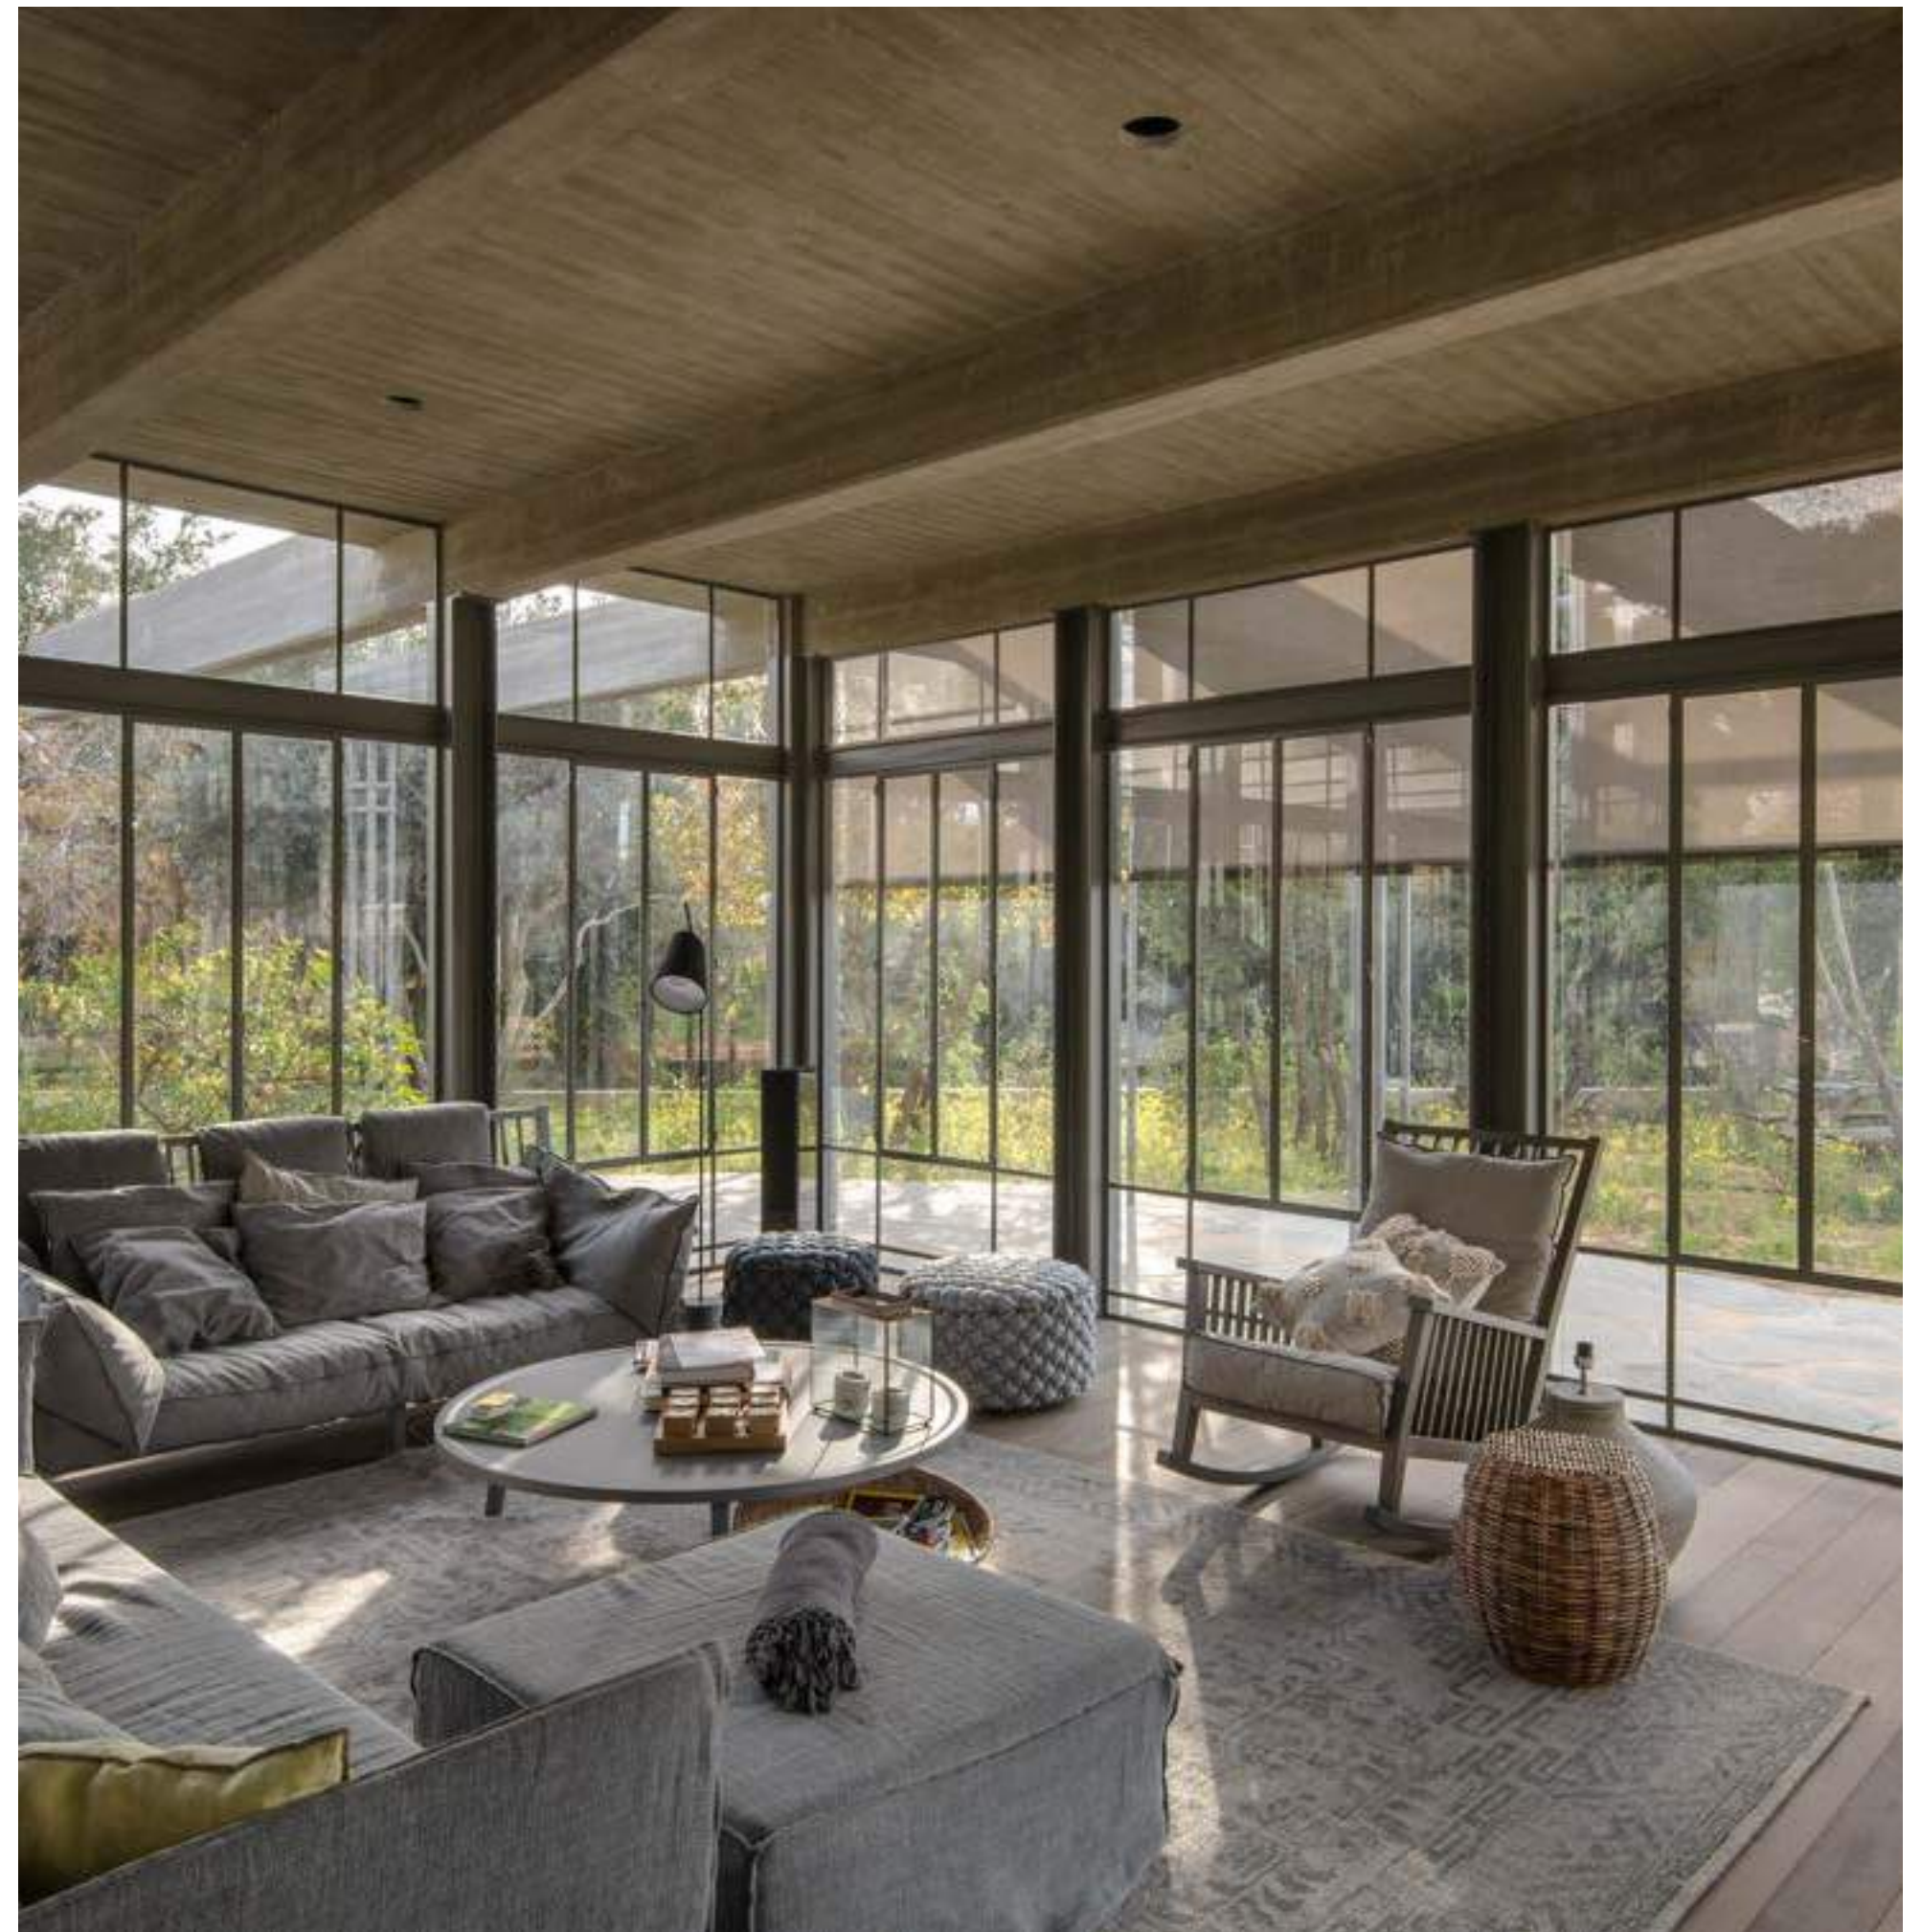

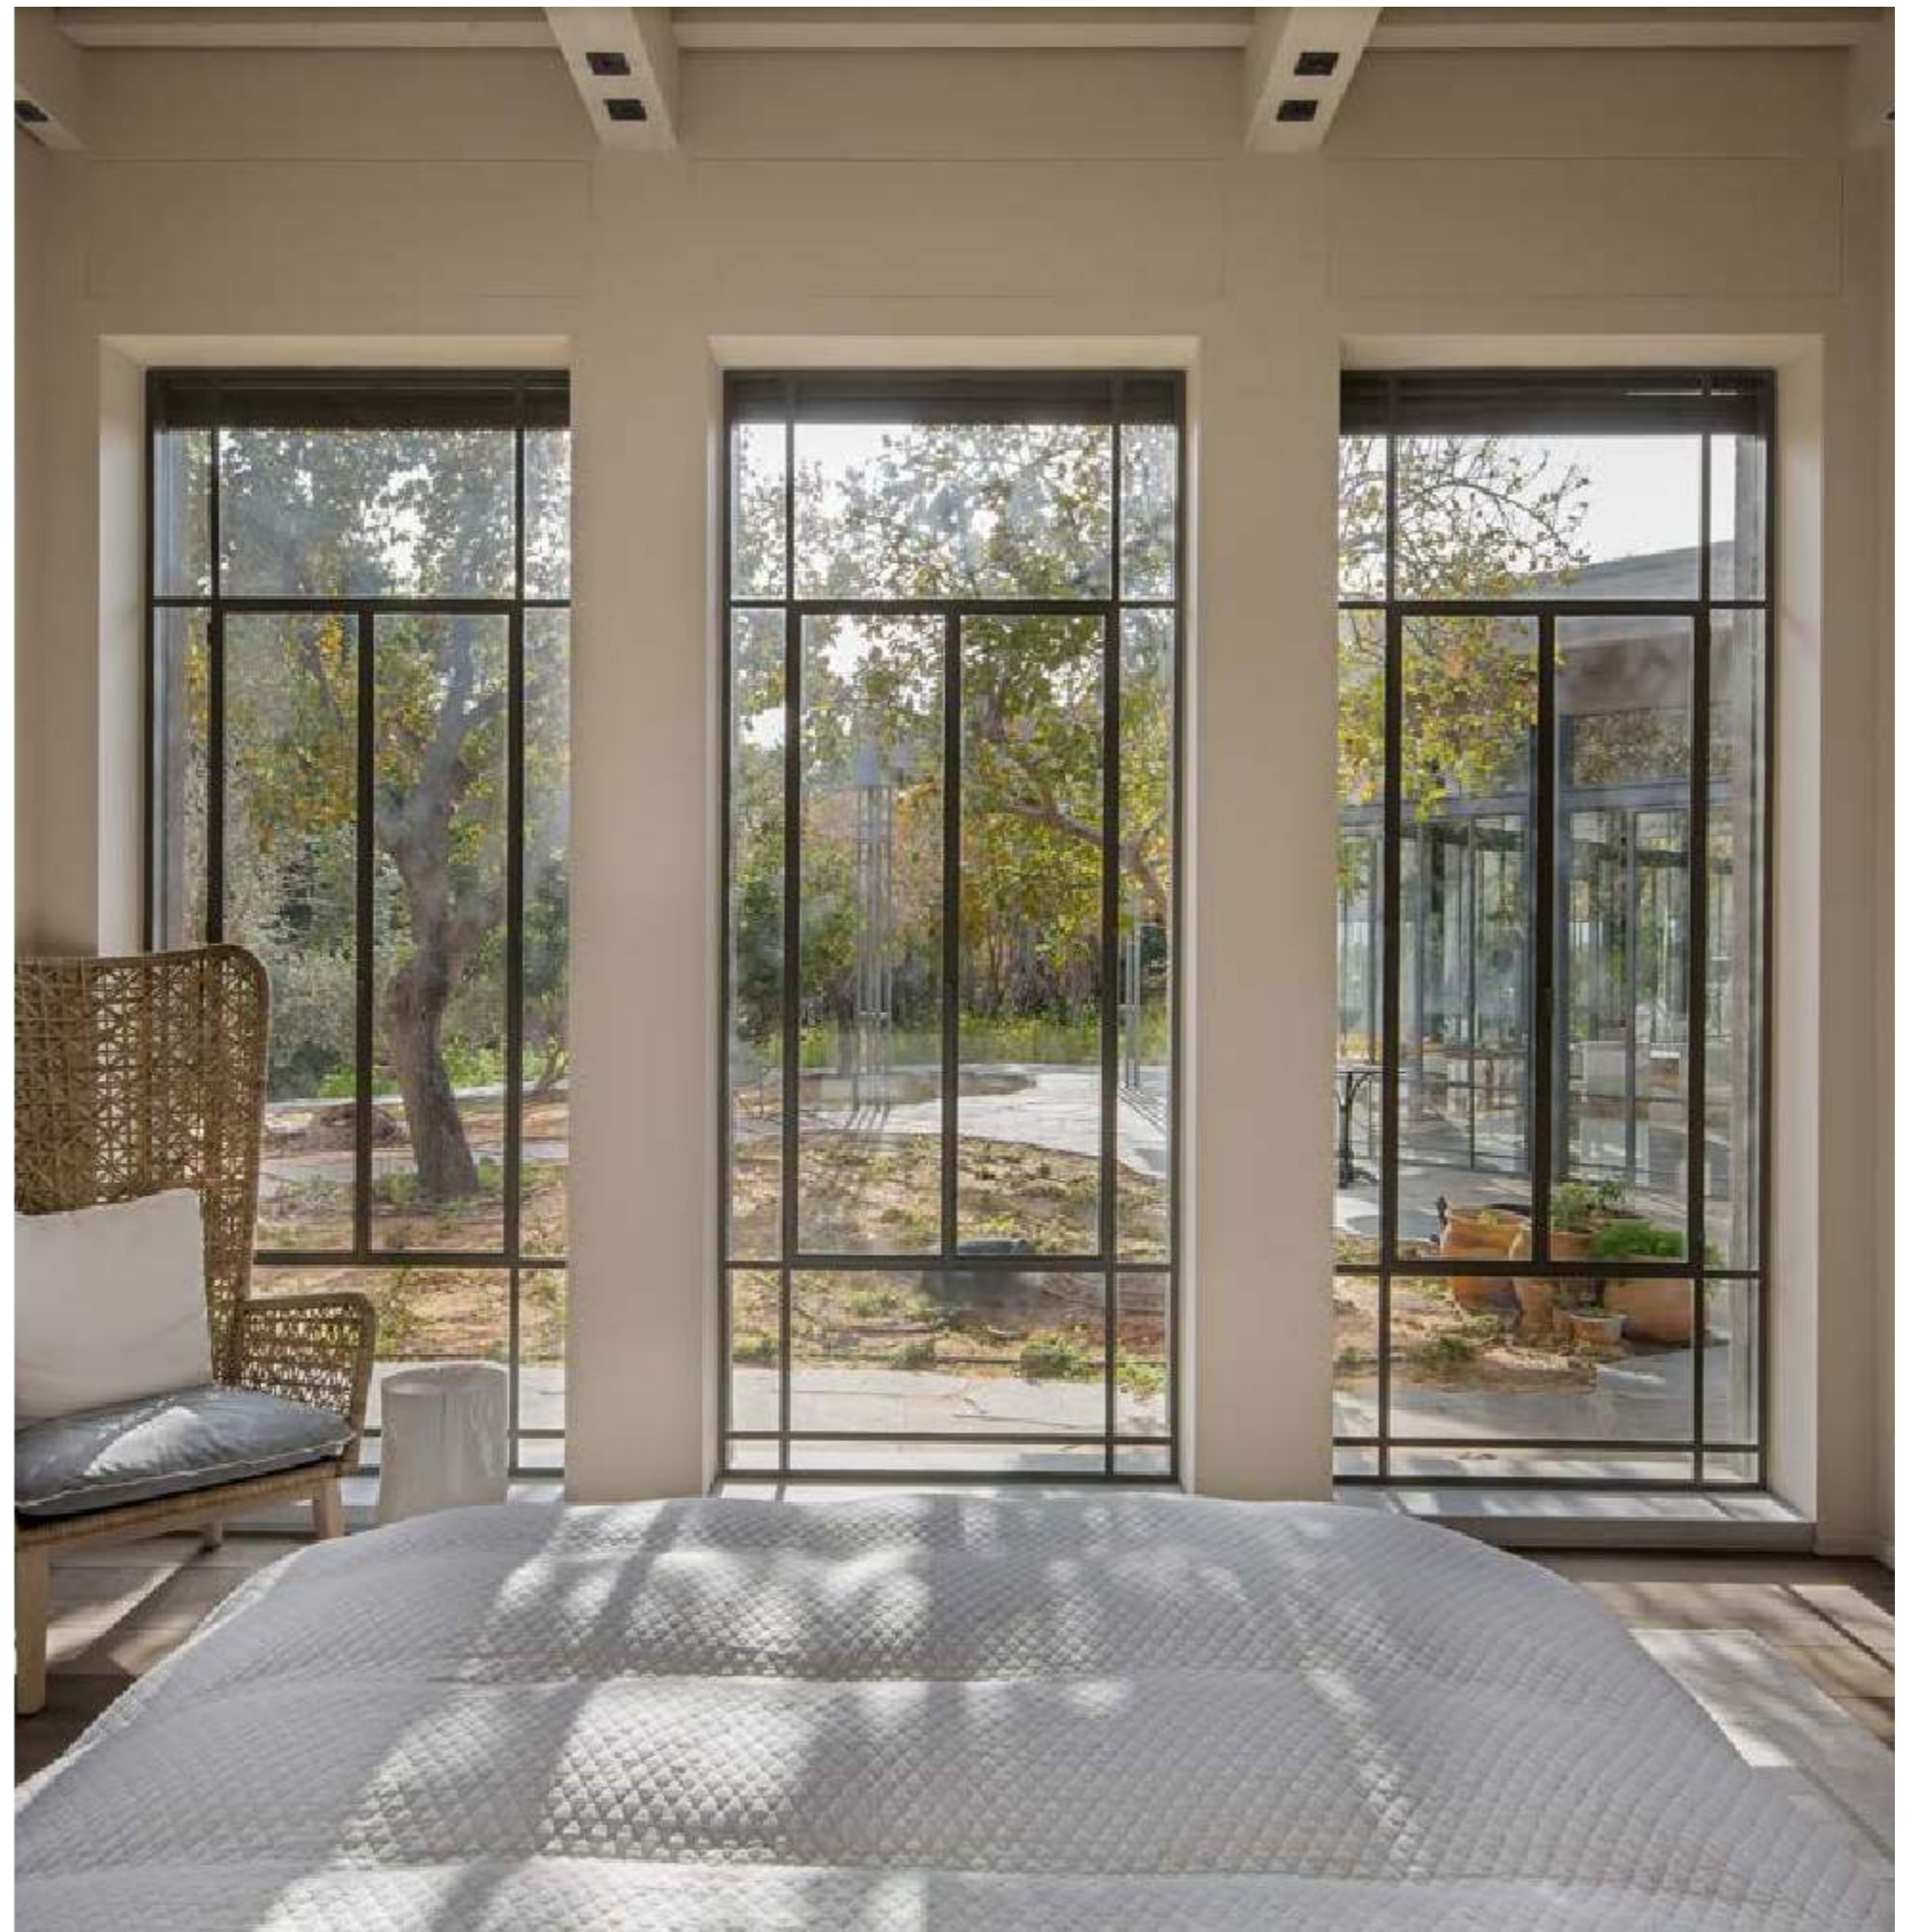

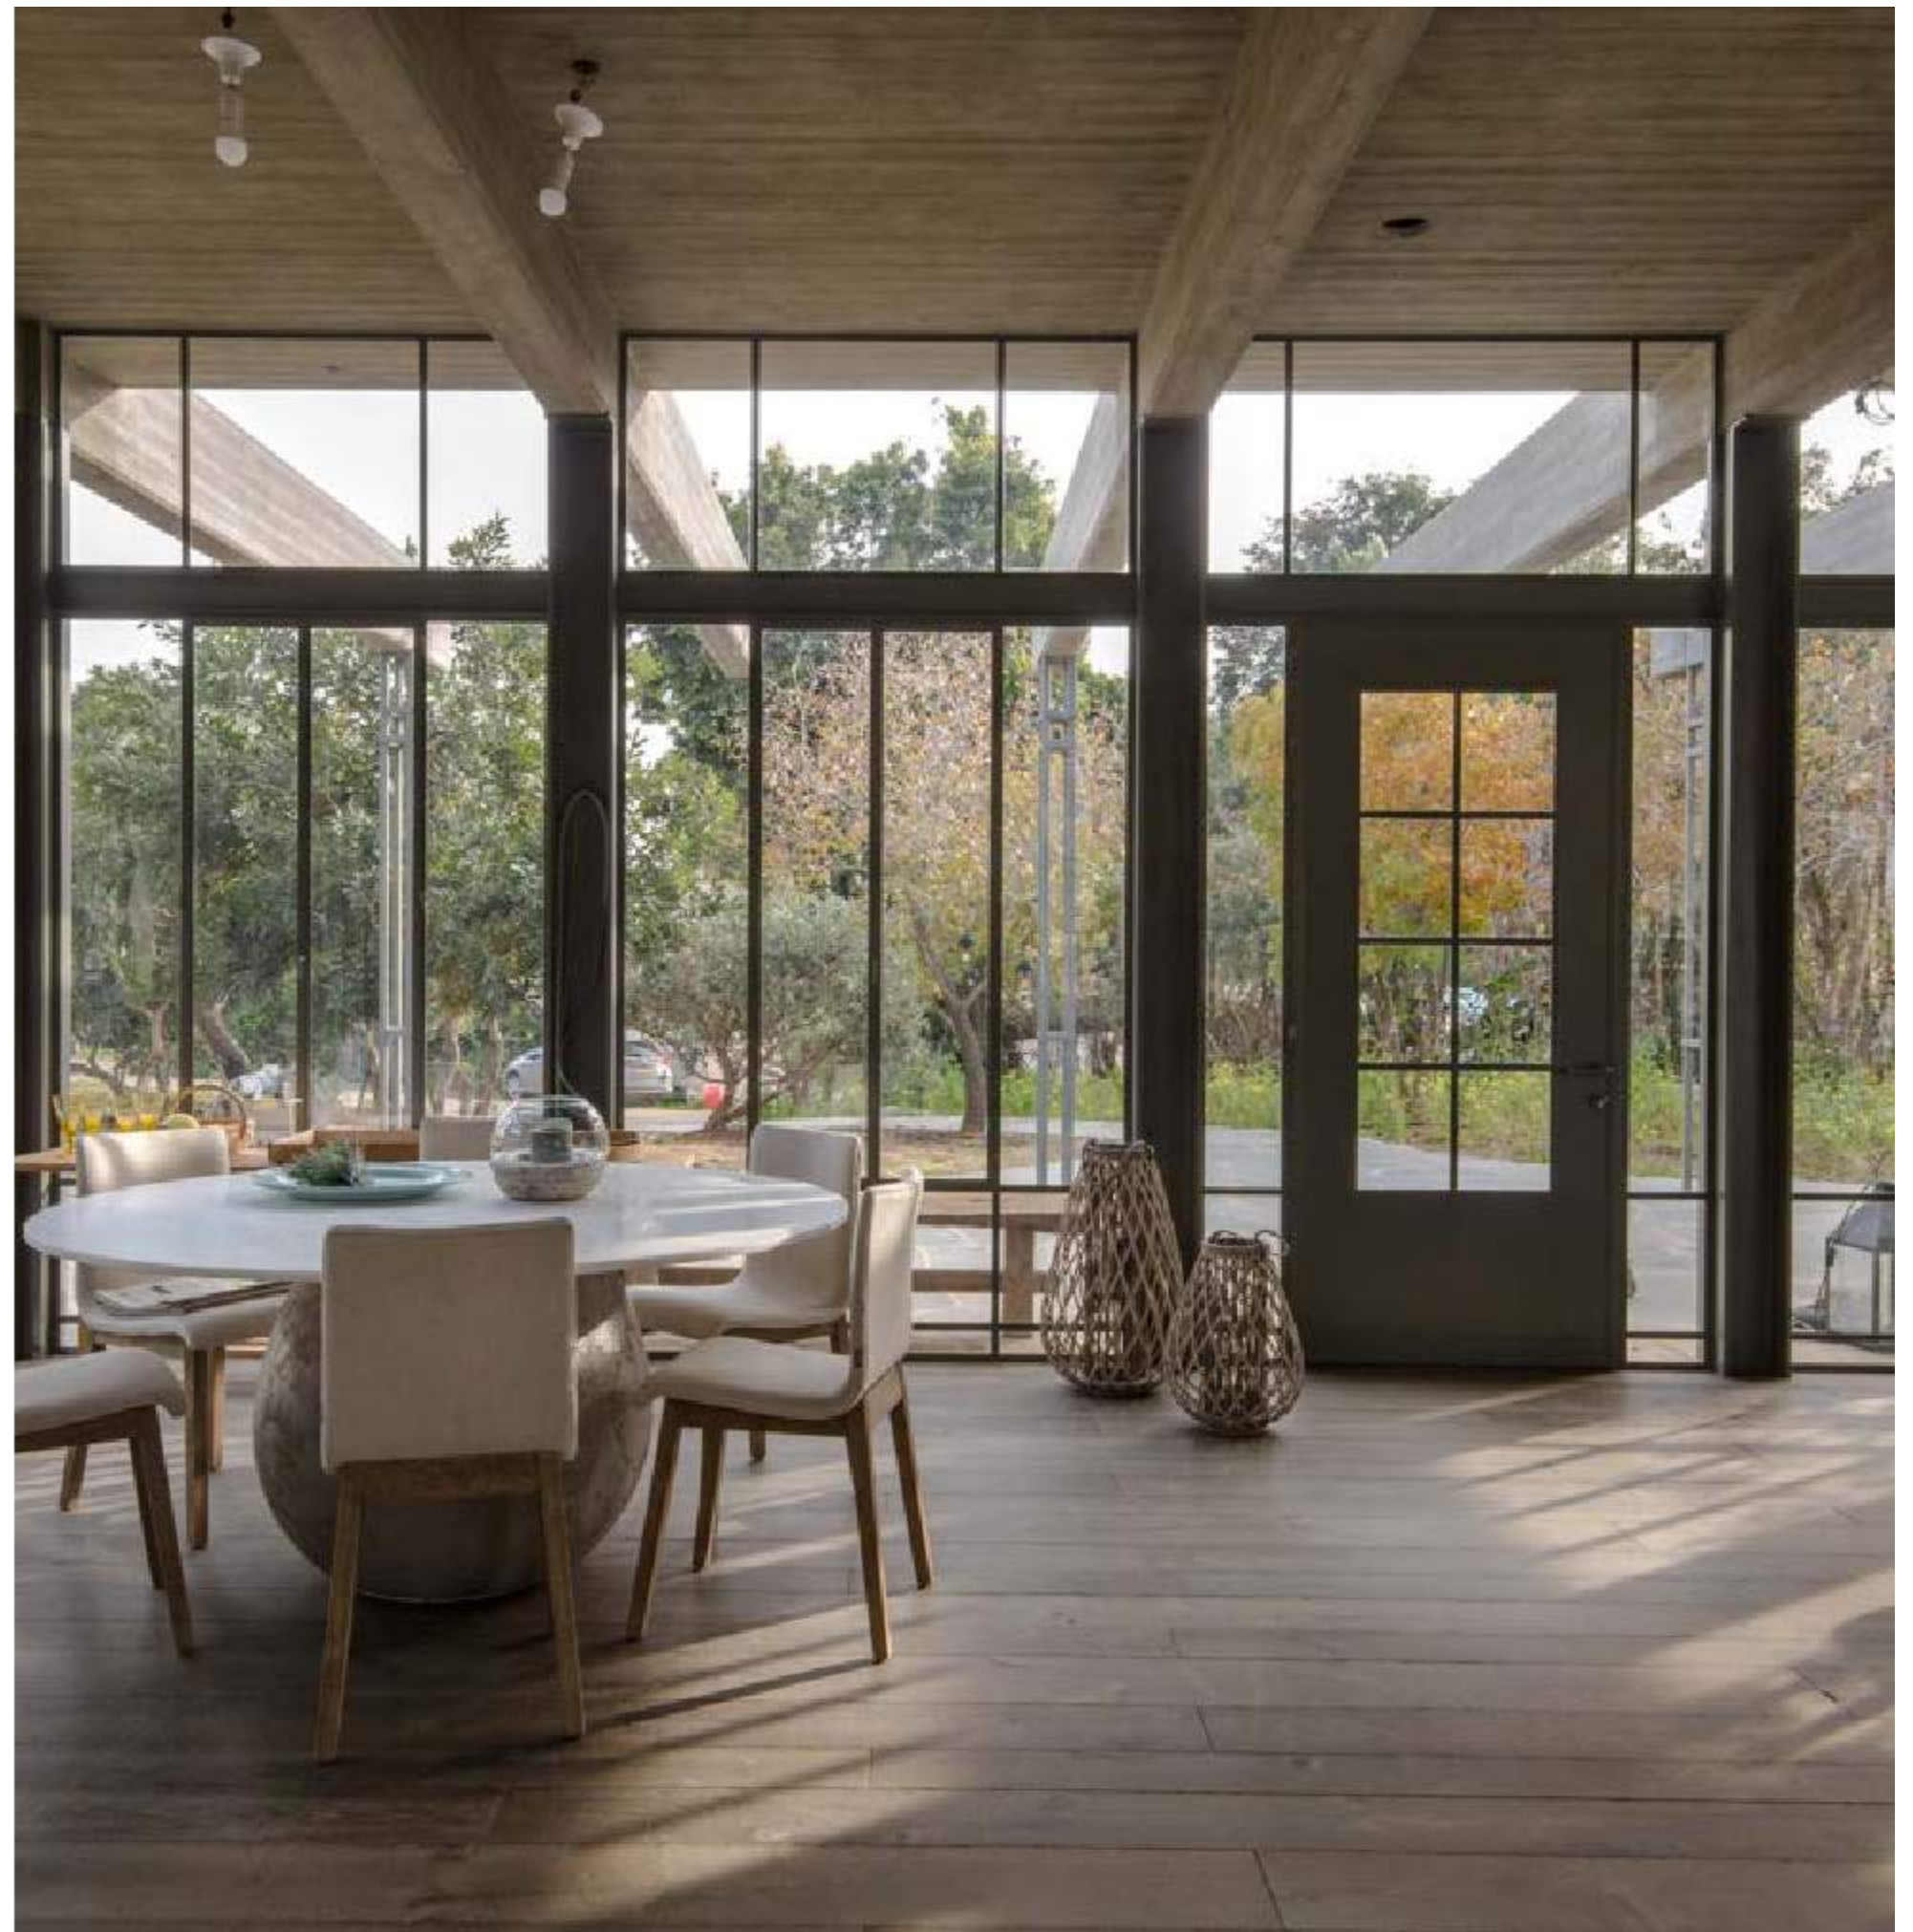

CLASSICAL SLIM STEEL

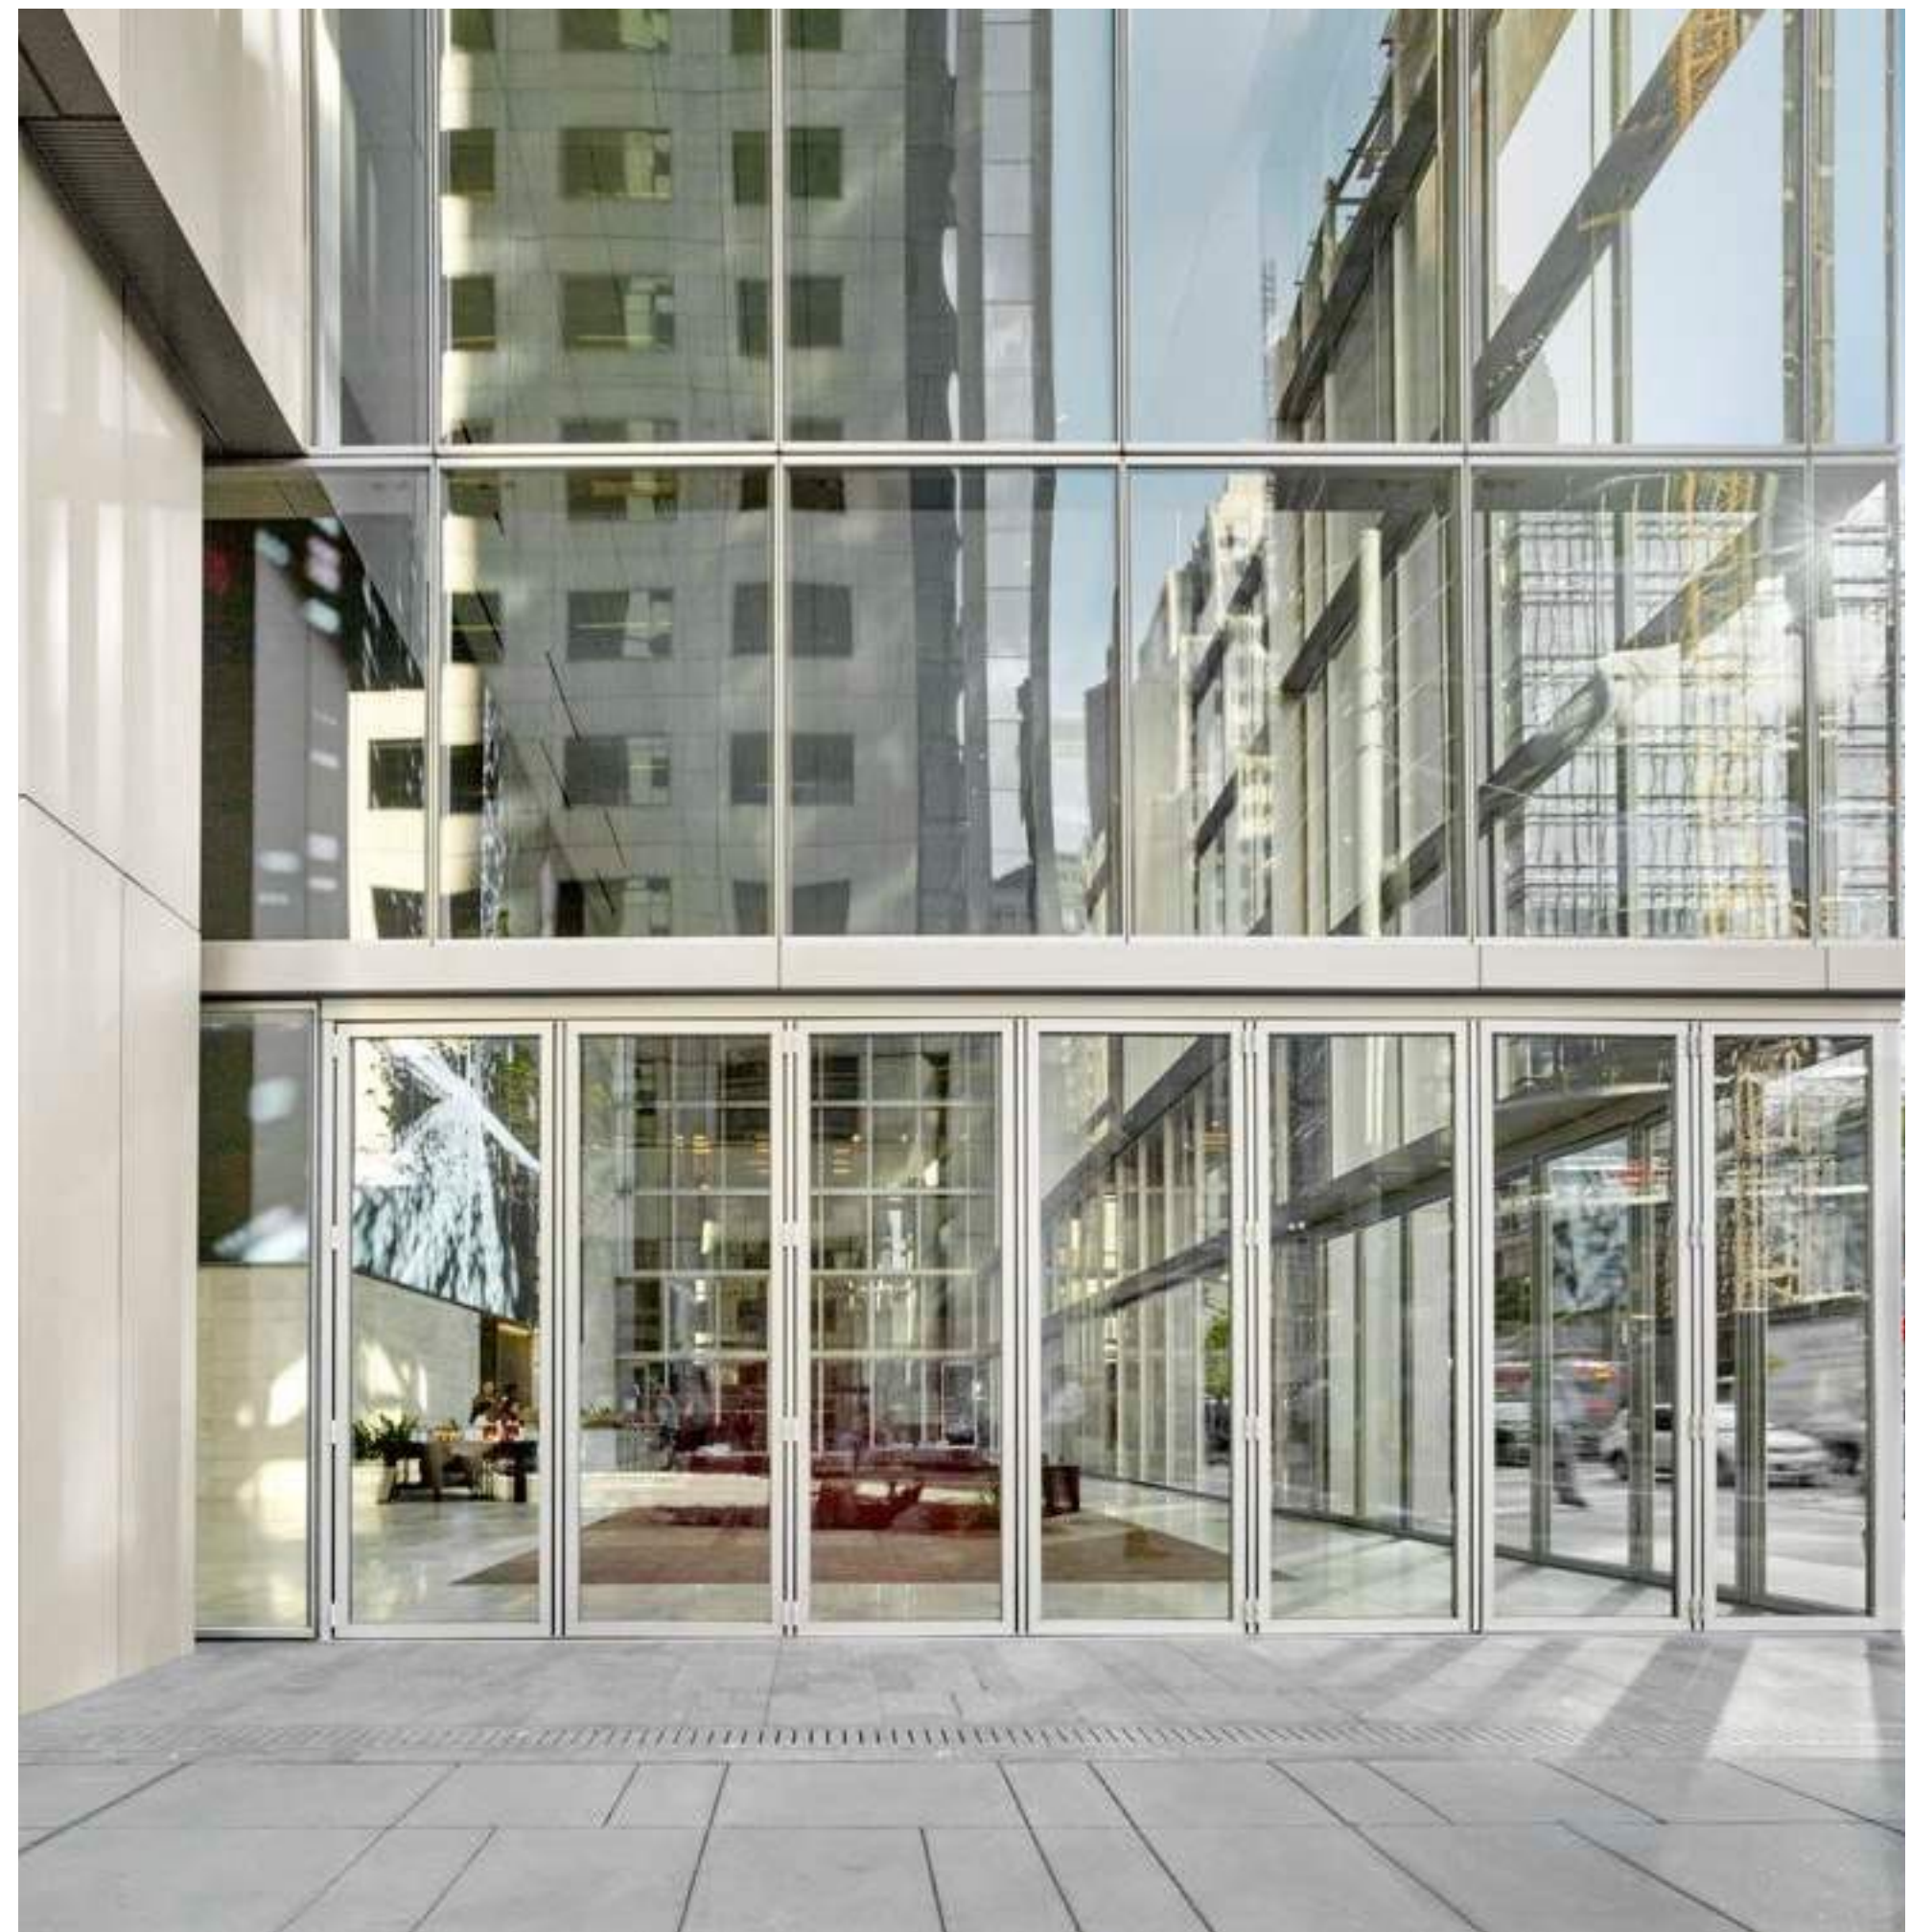

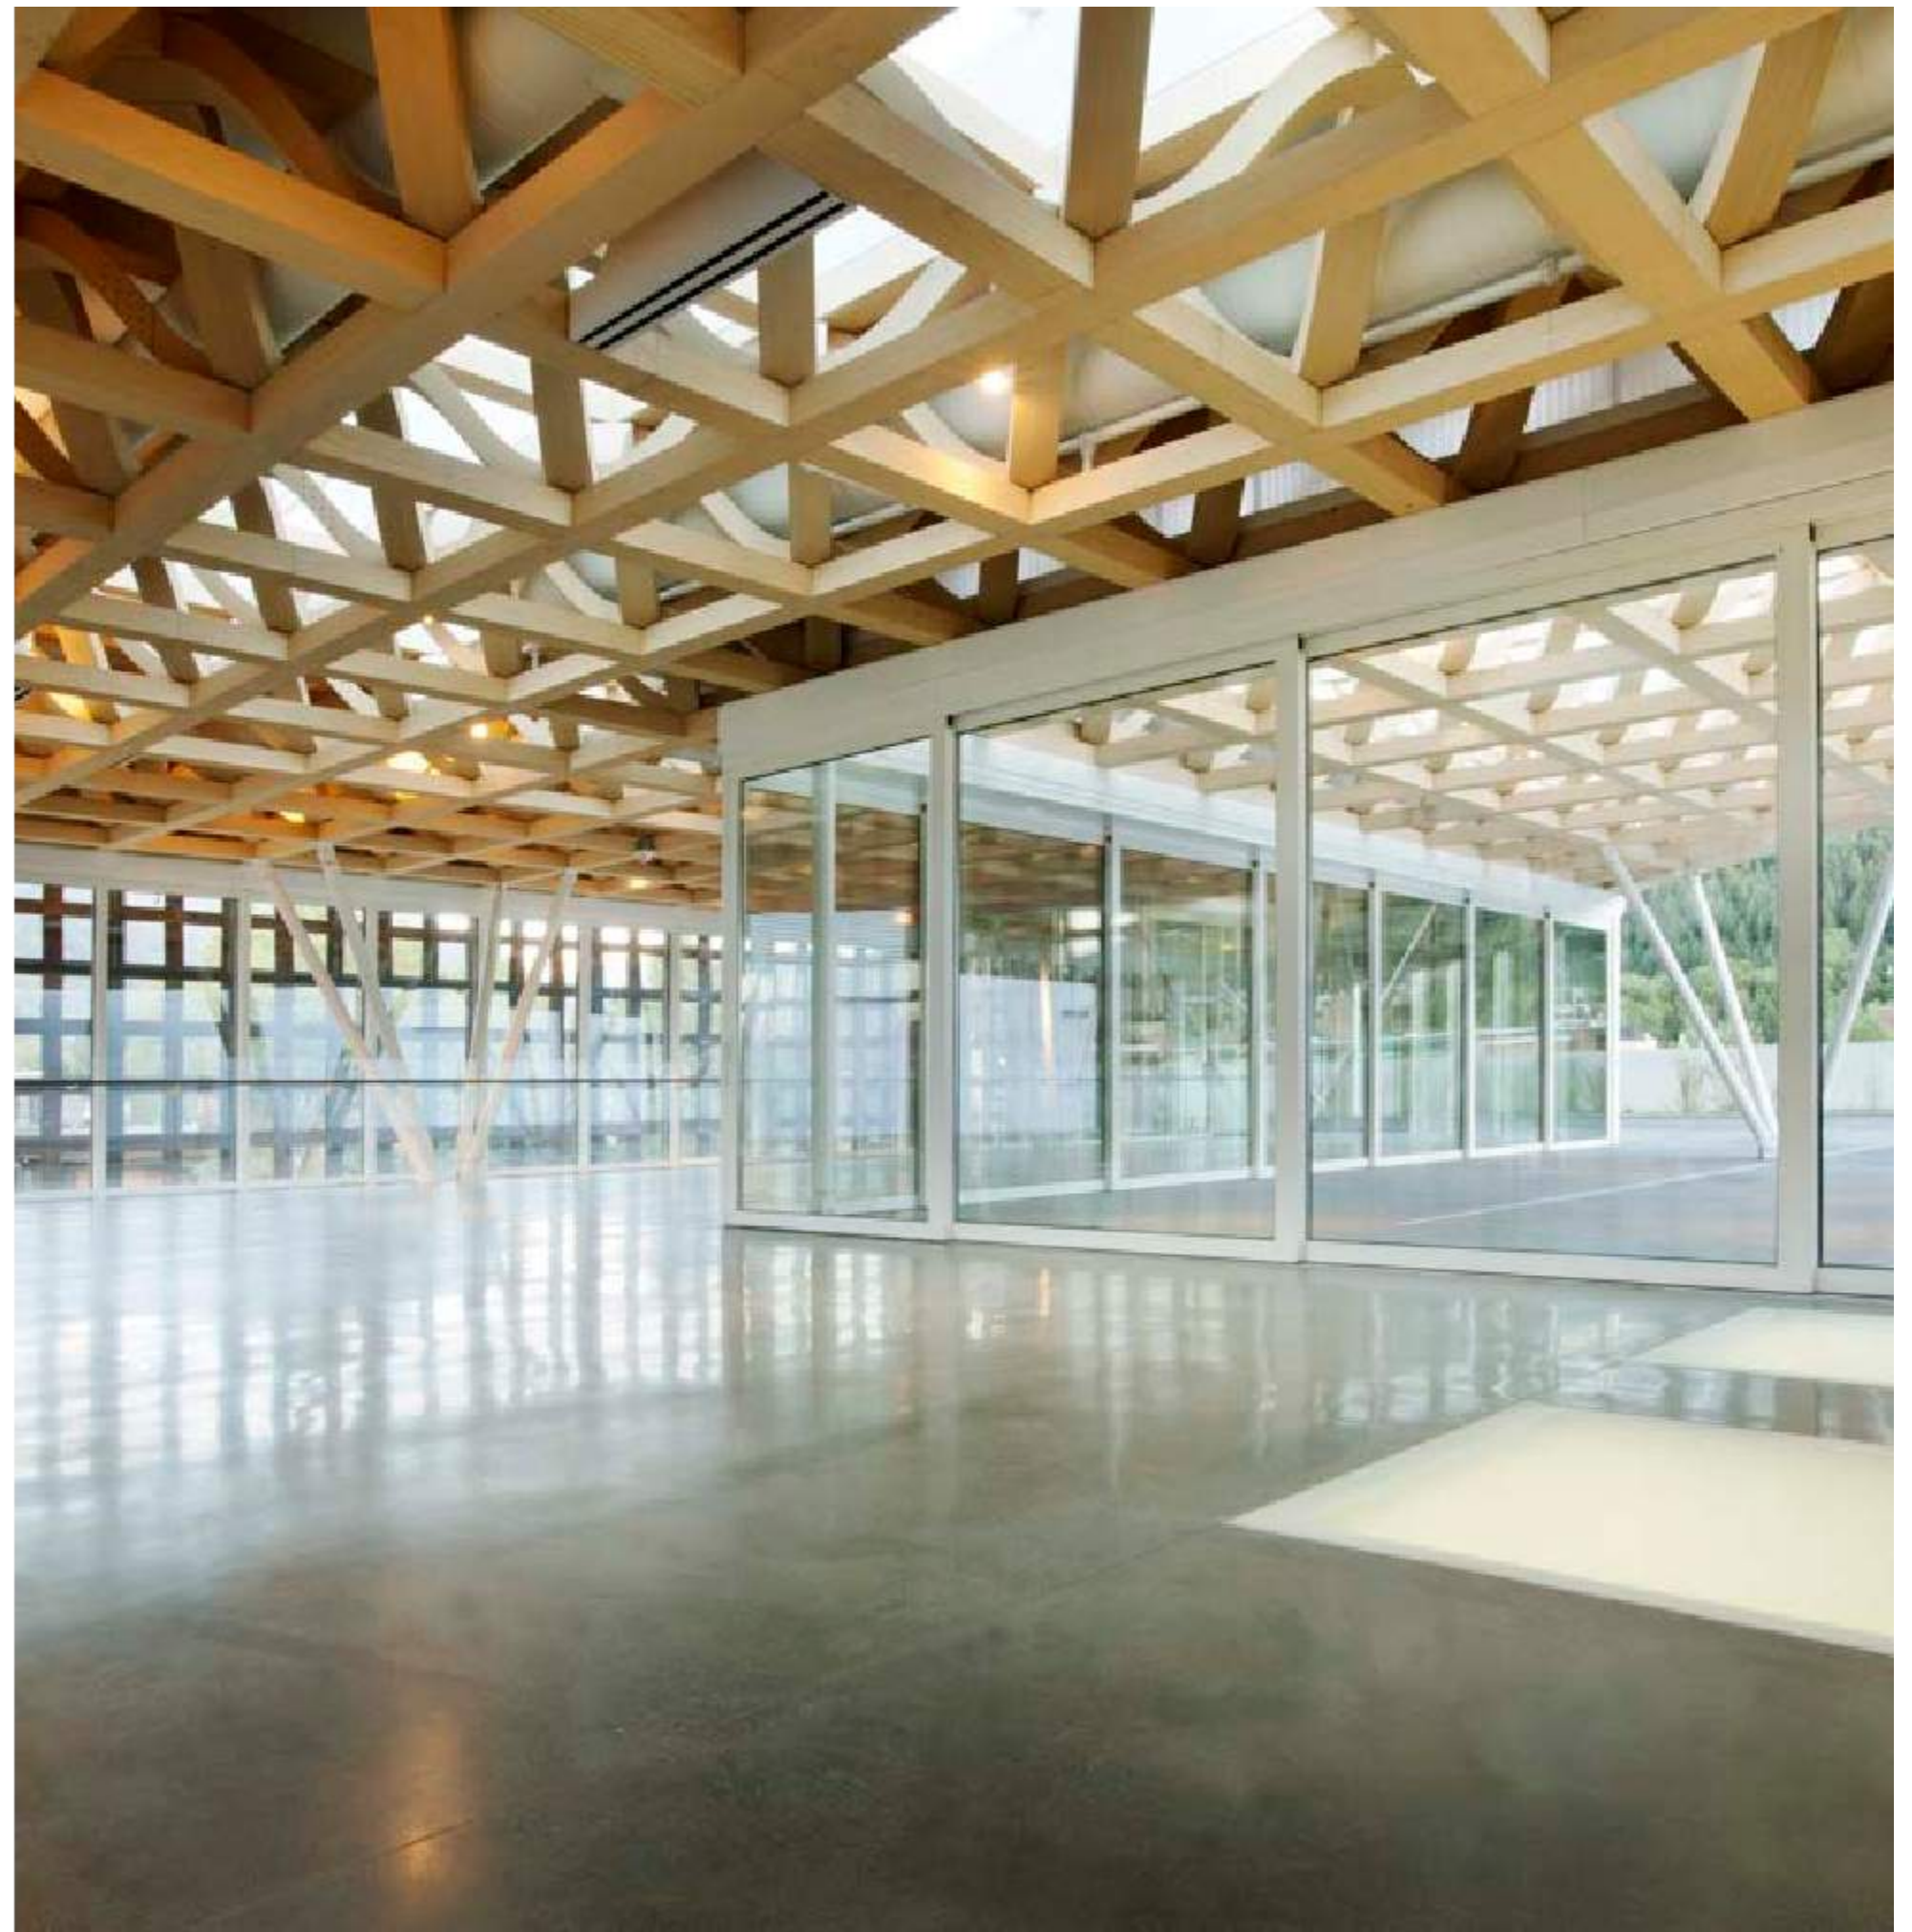

ALUMINUM

Architectural Resources offers thermally-broken aluminum frame options to help reduce the transfer of heat or cold into air conditioned spaces.

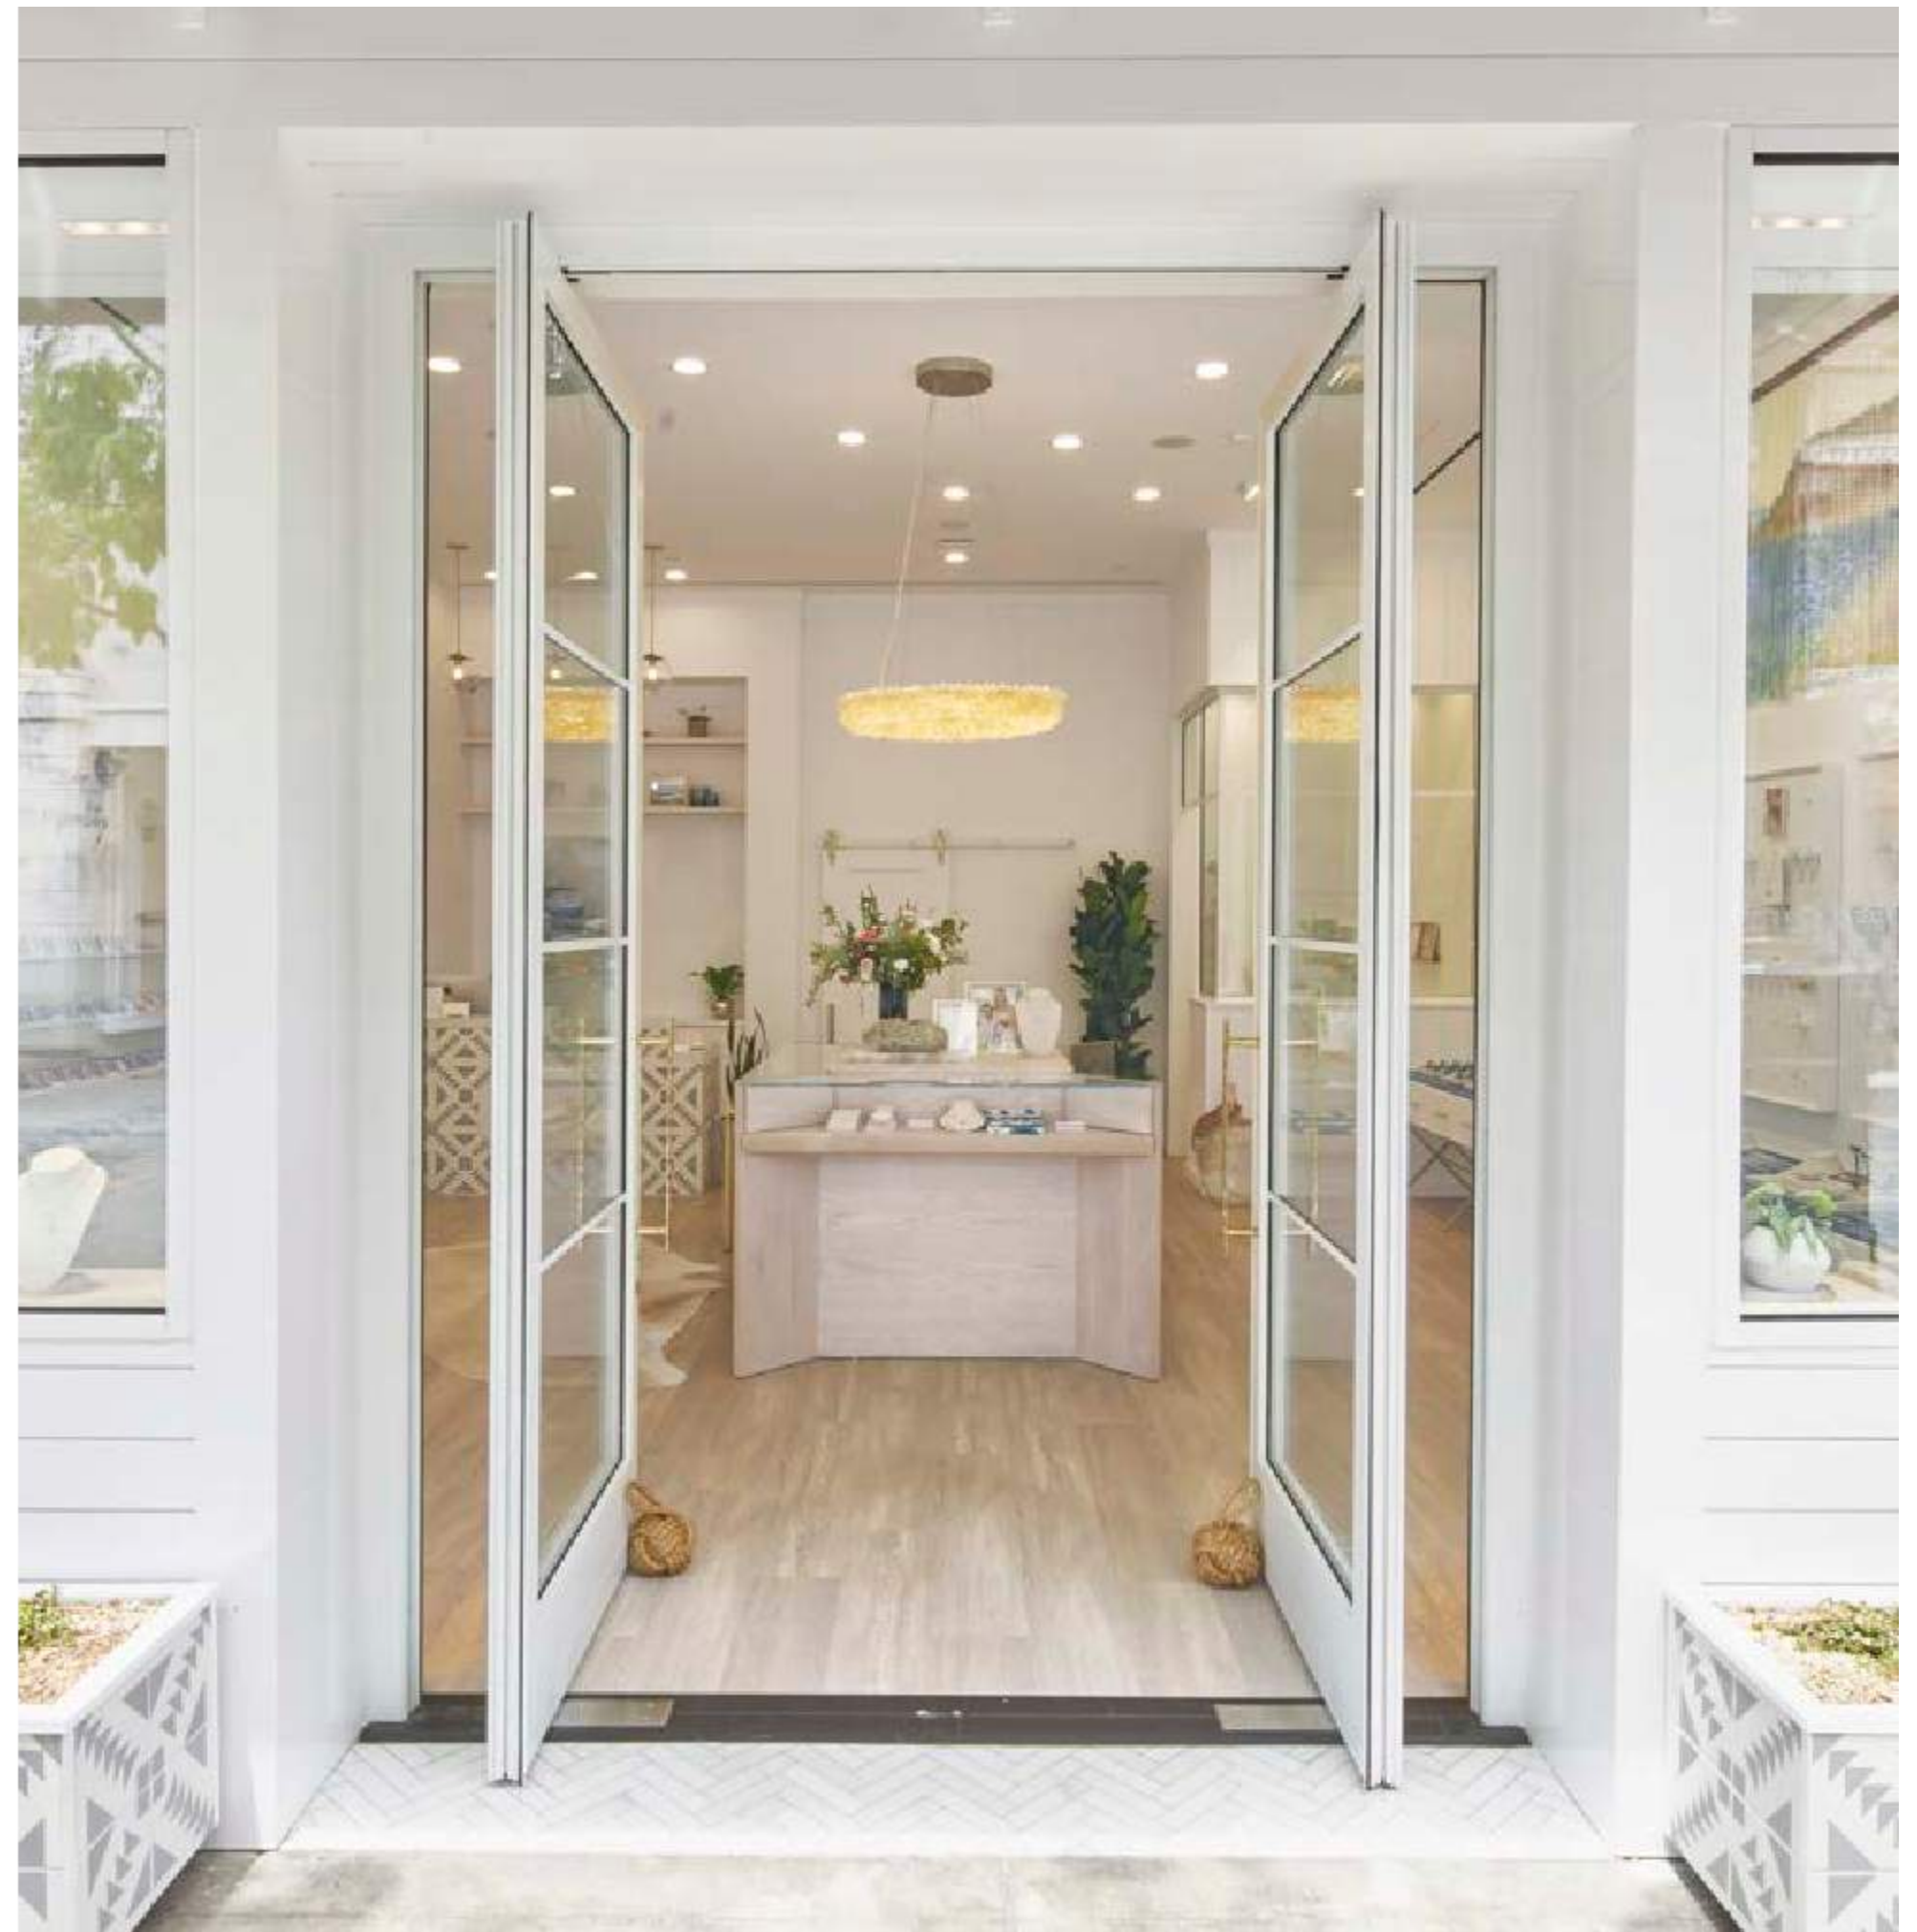

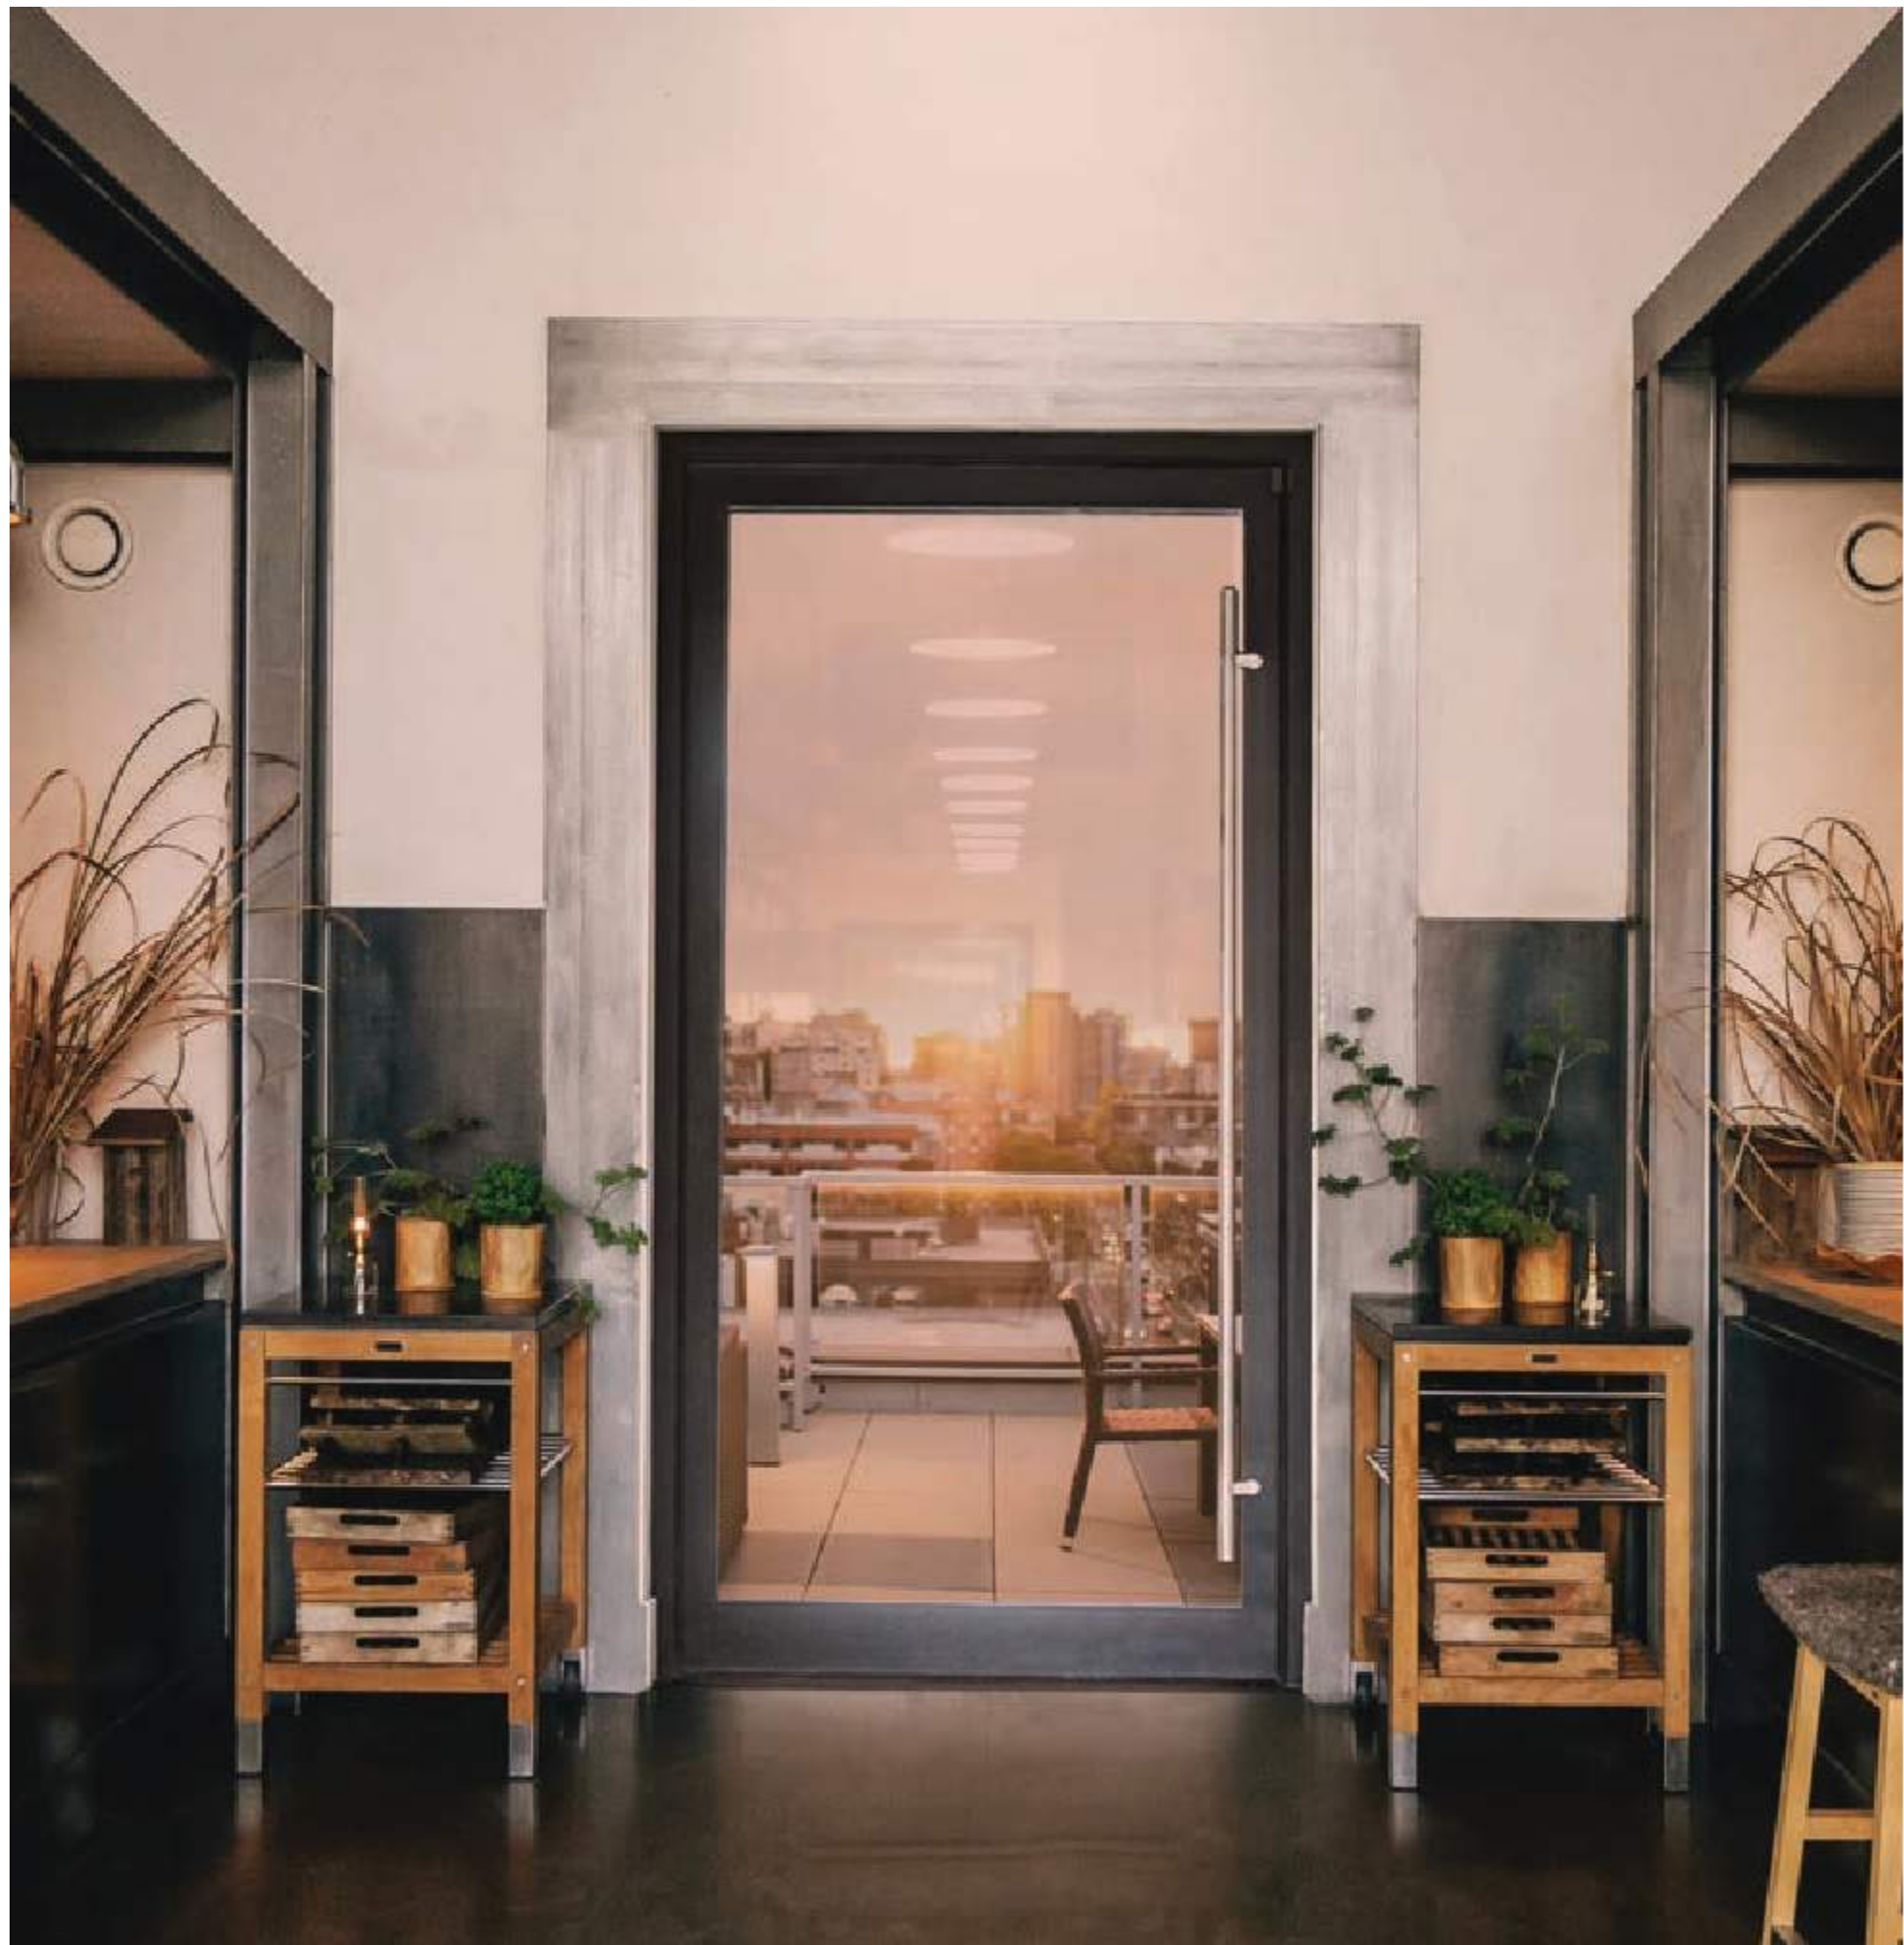

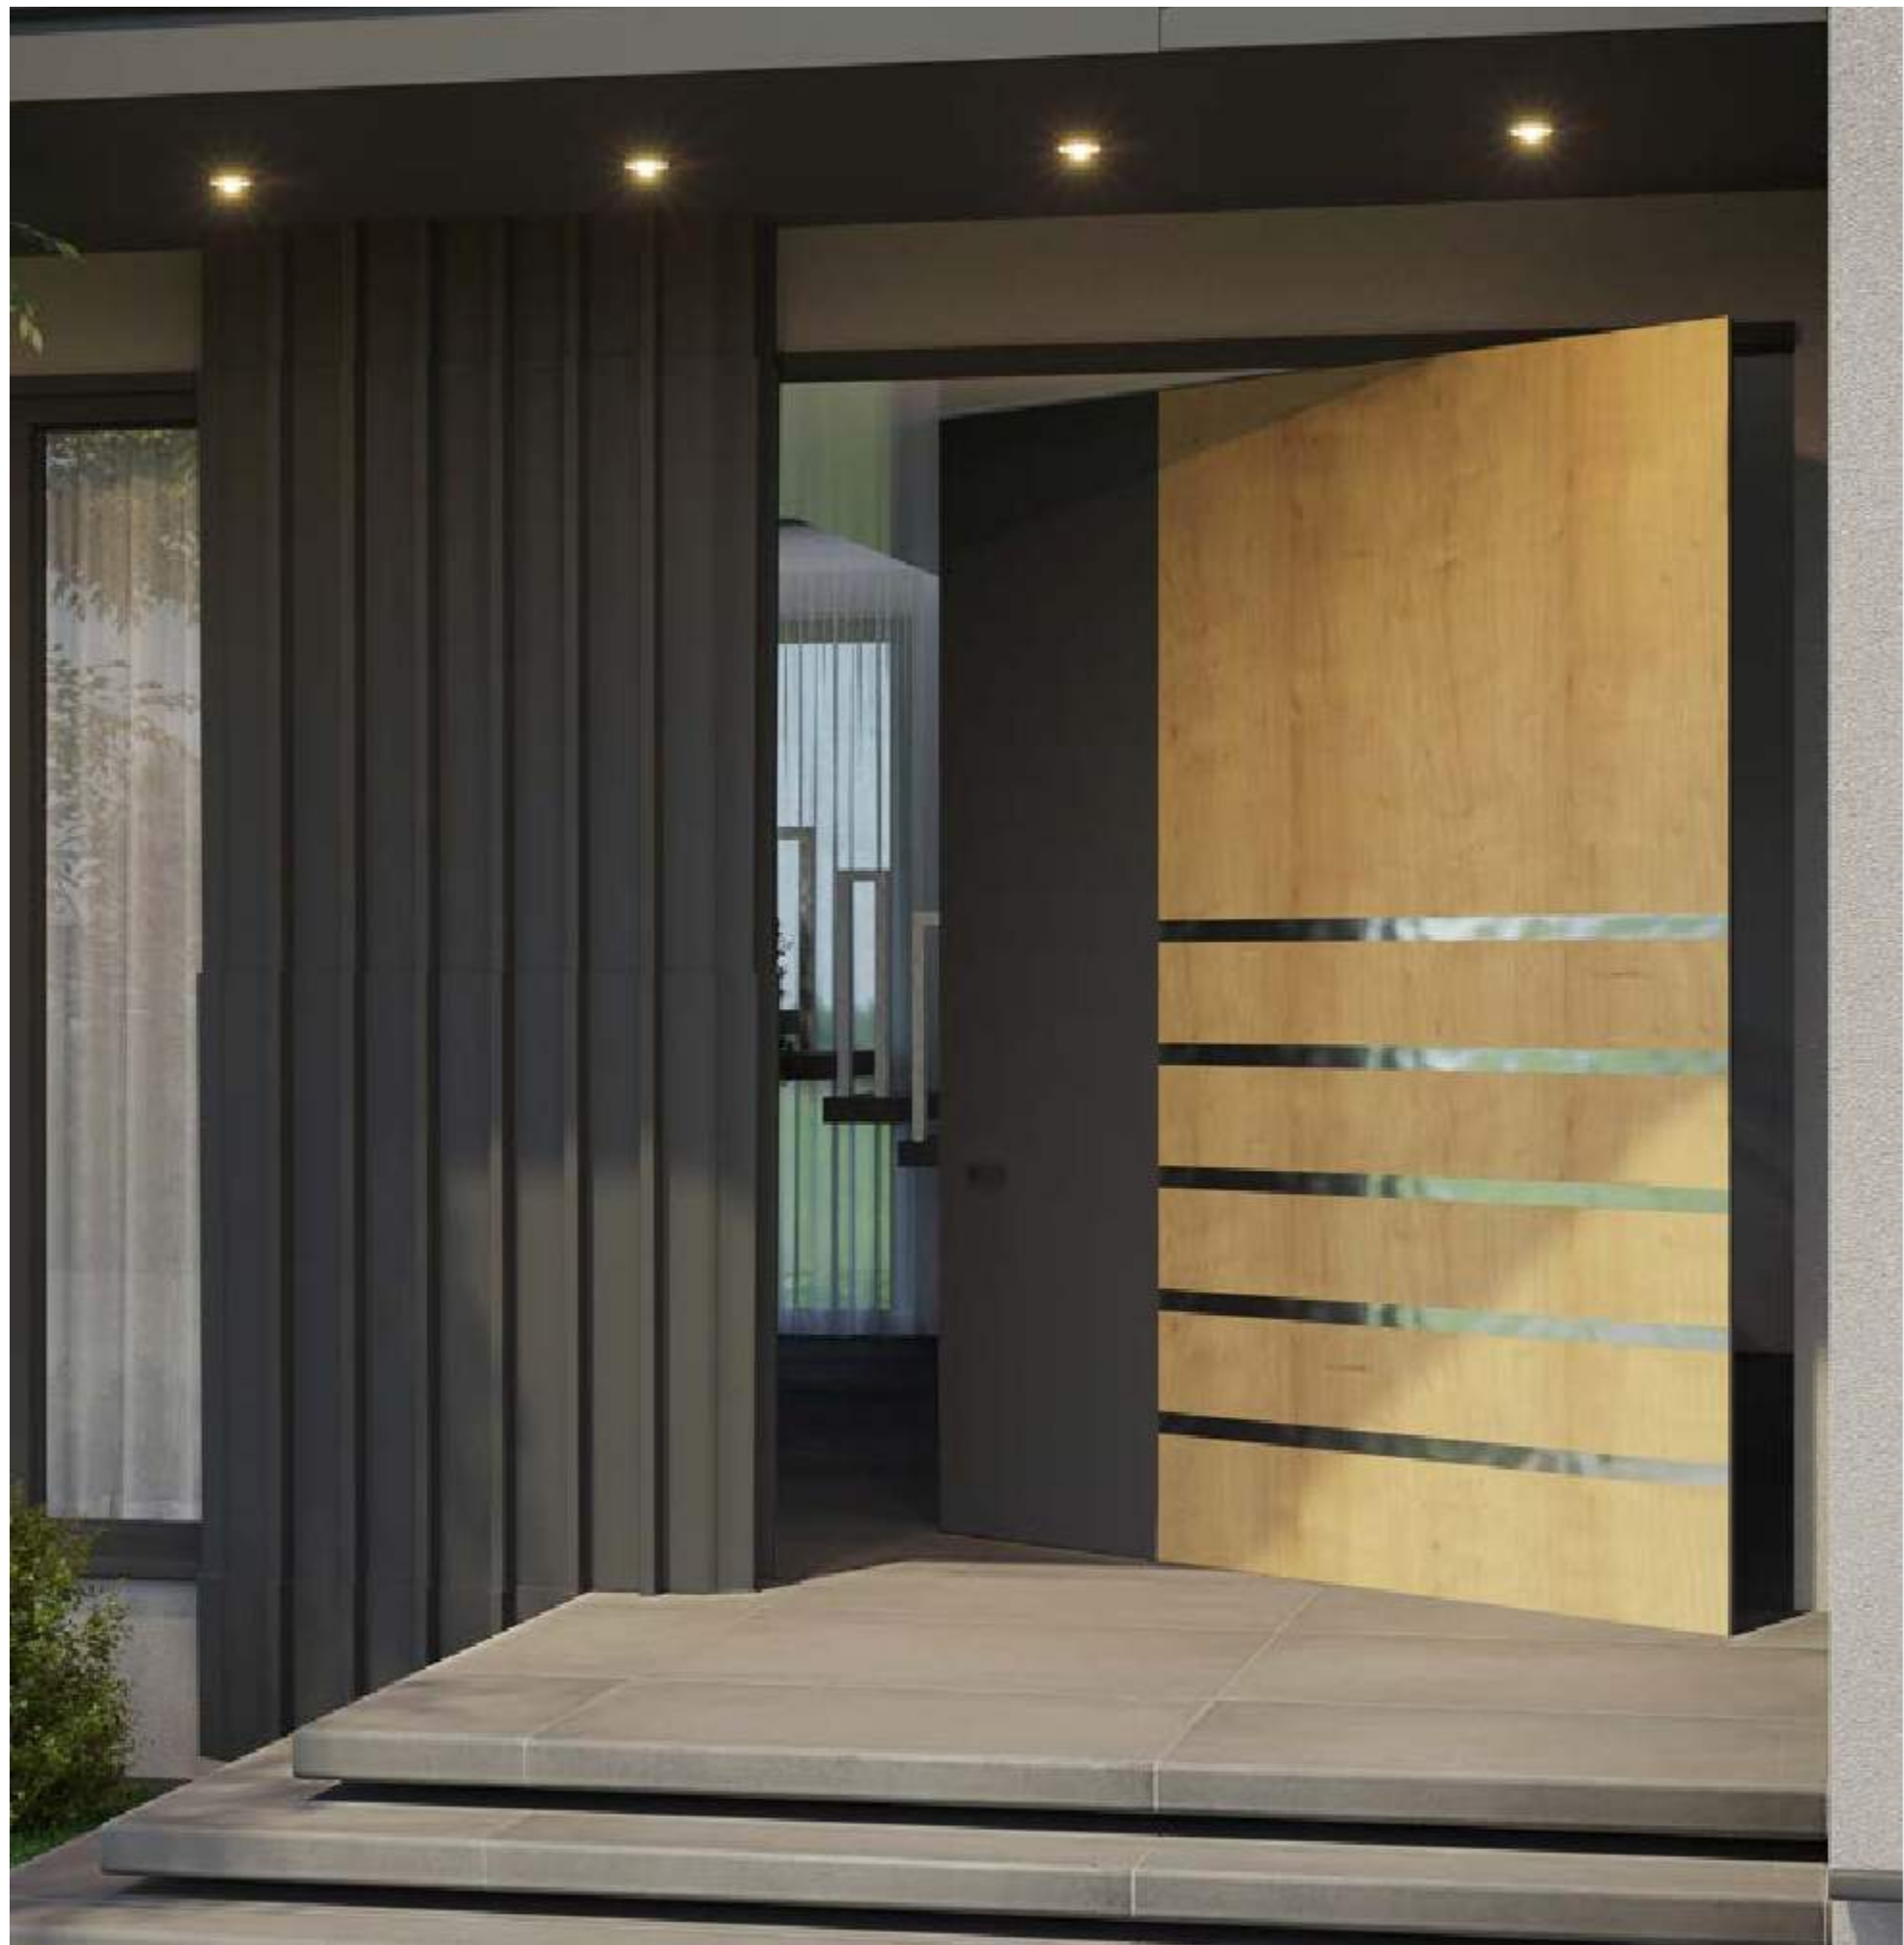

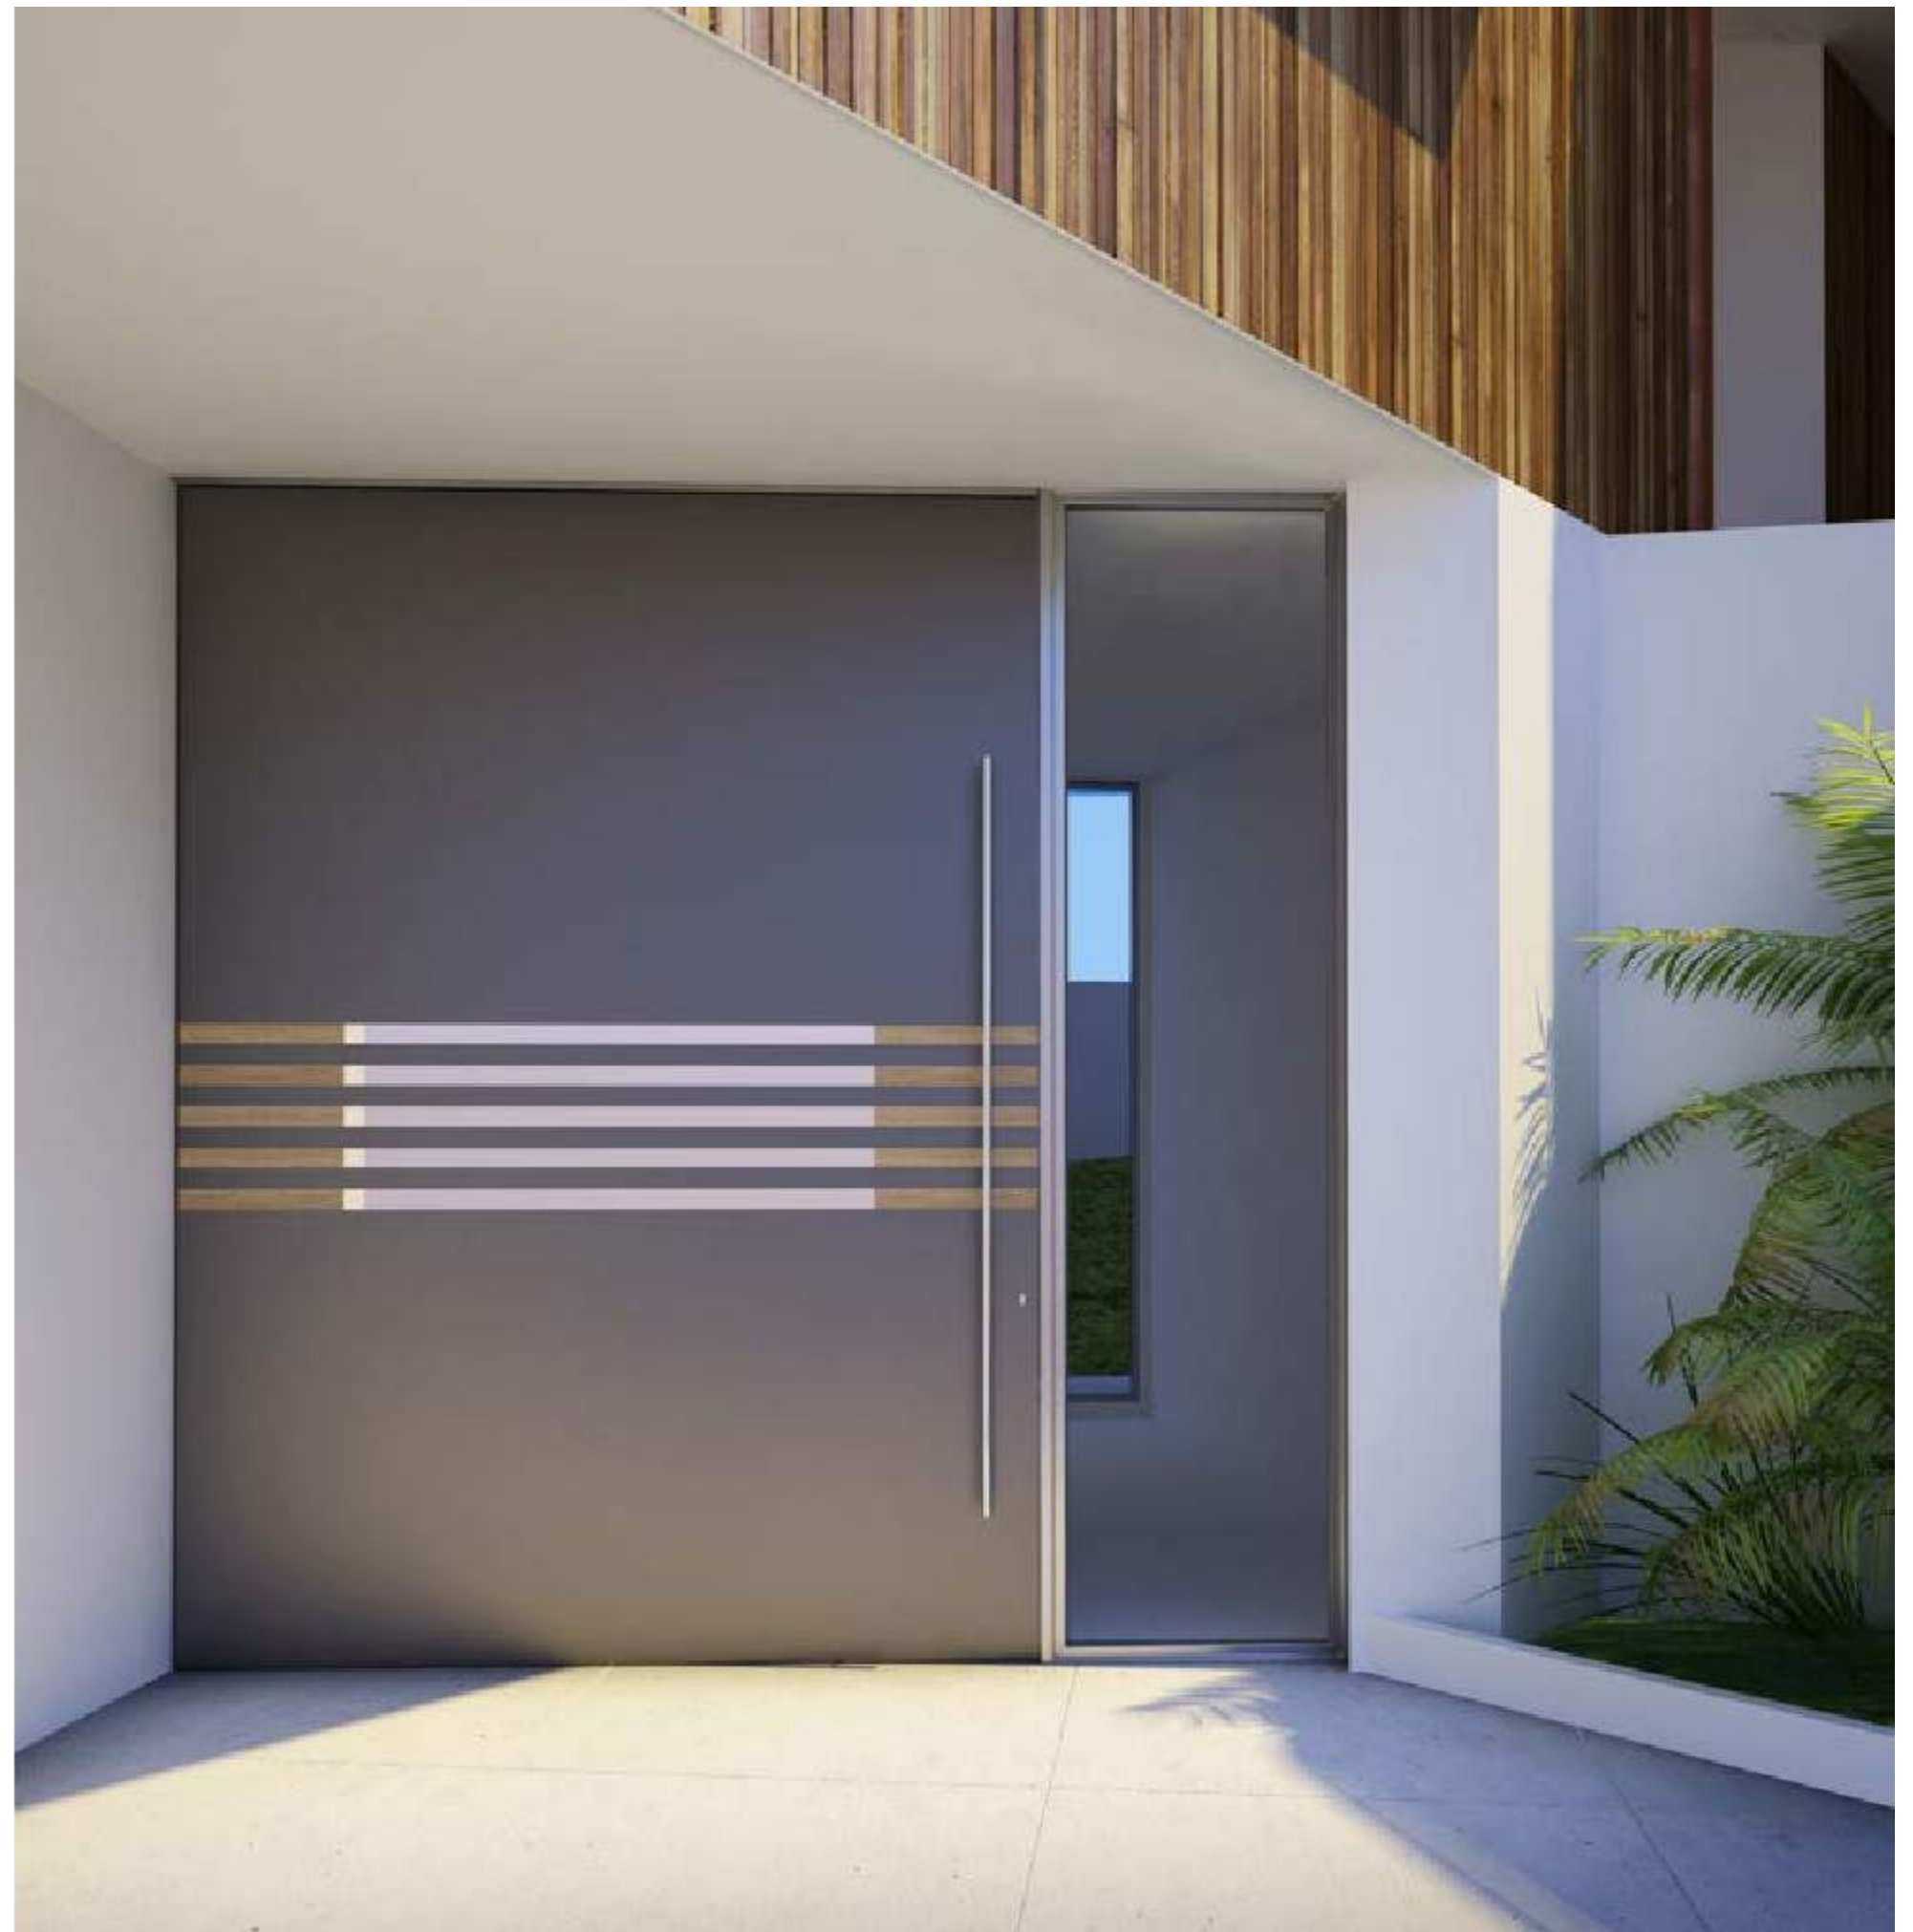

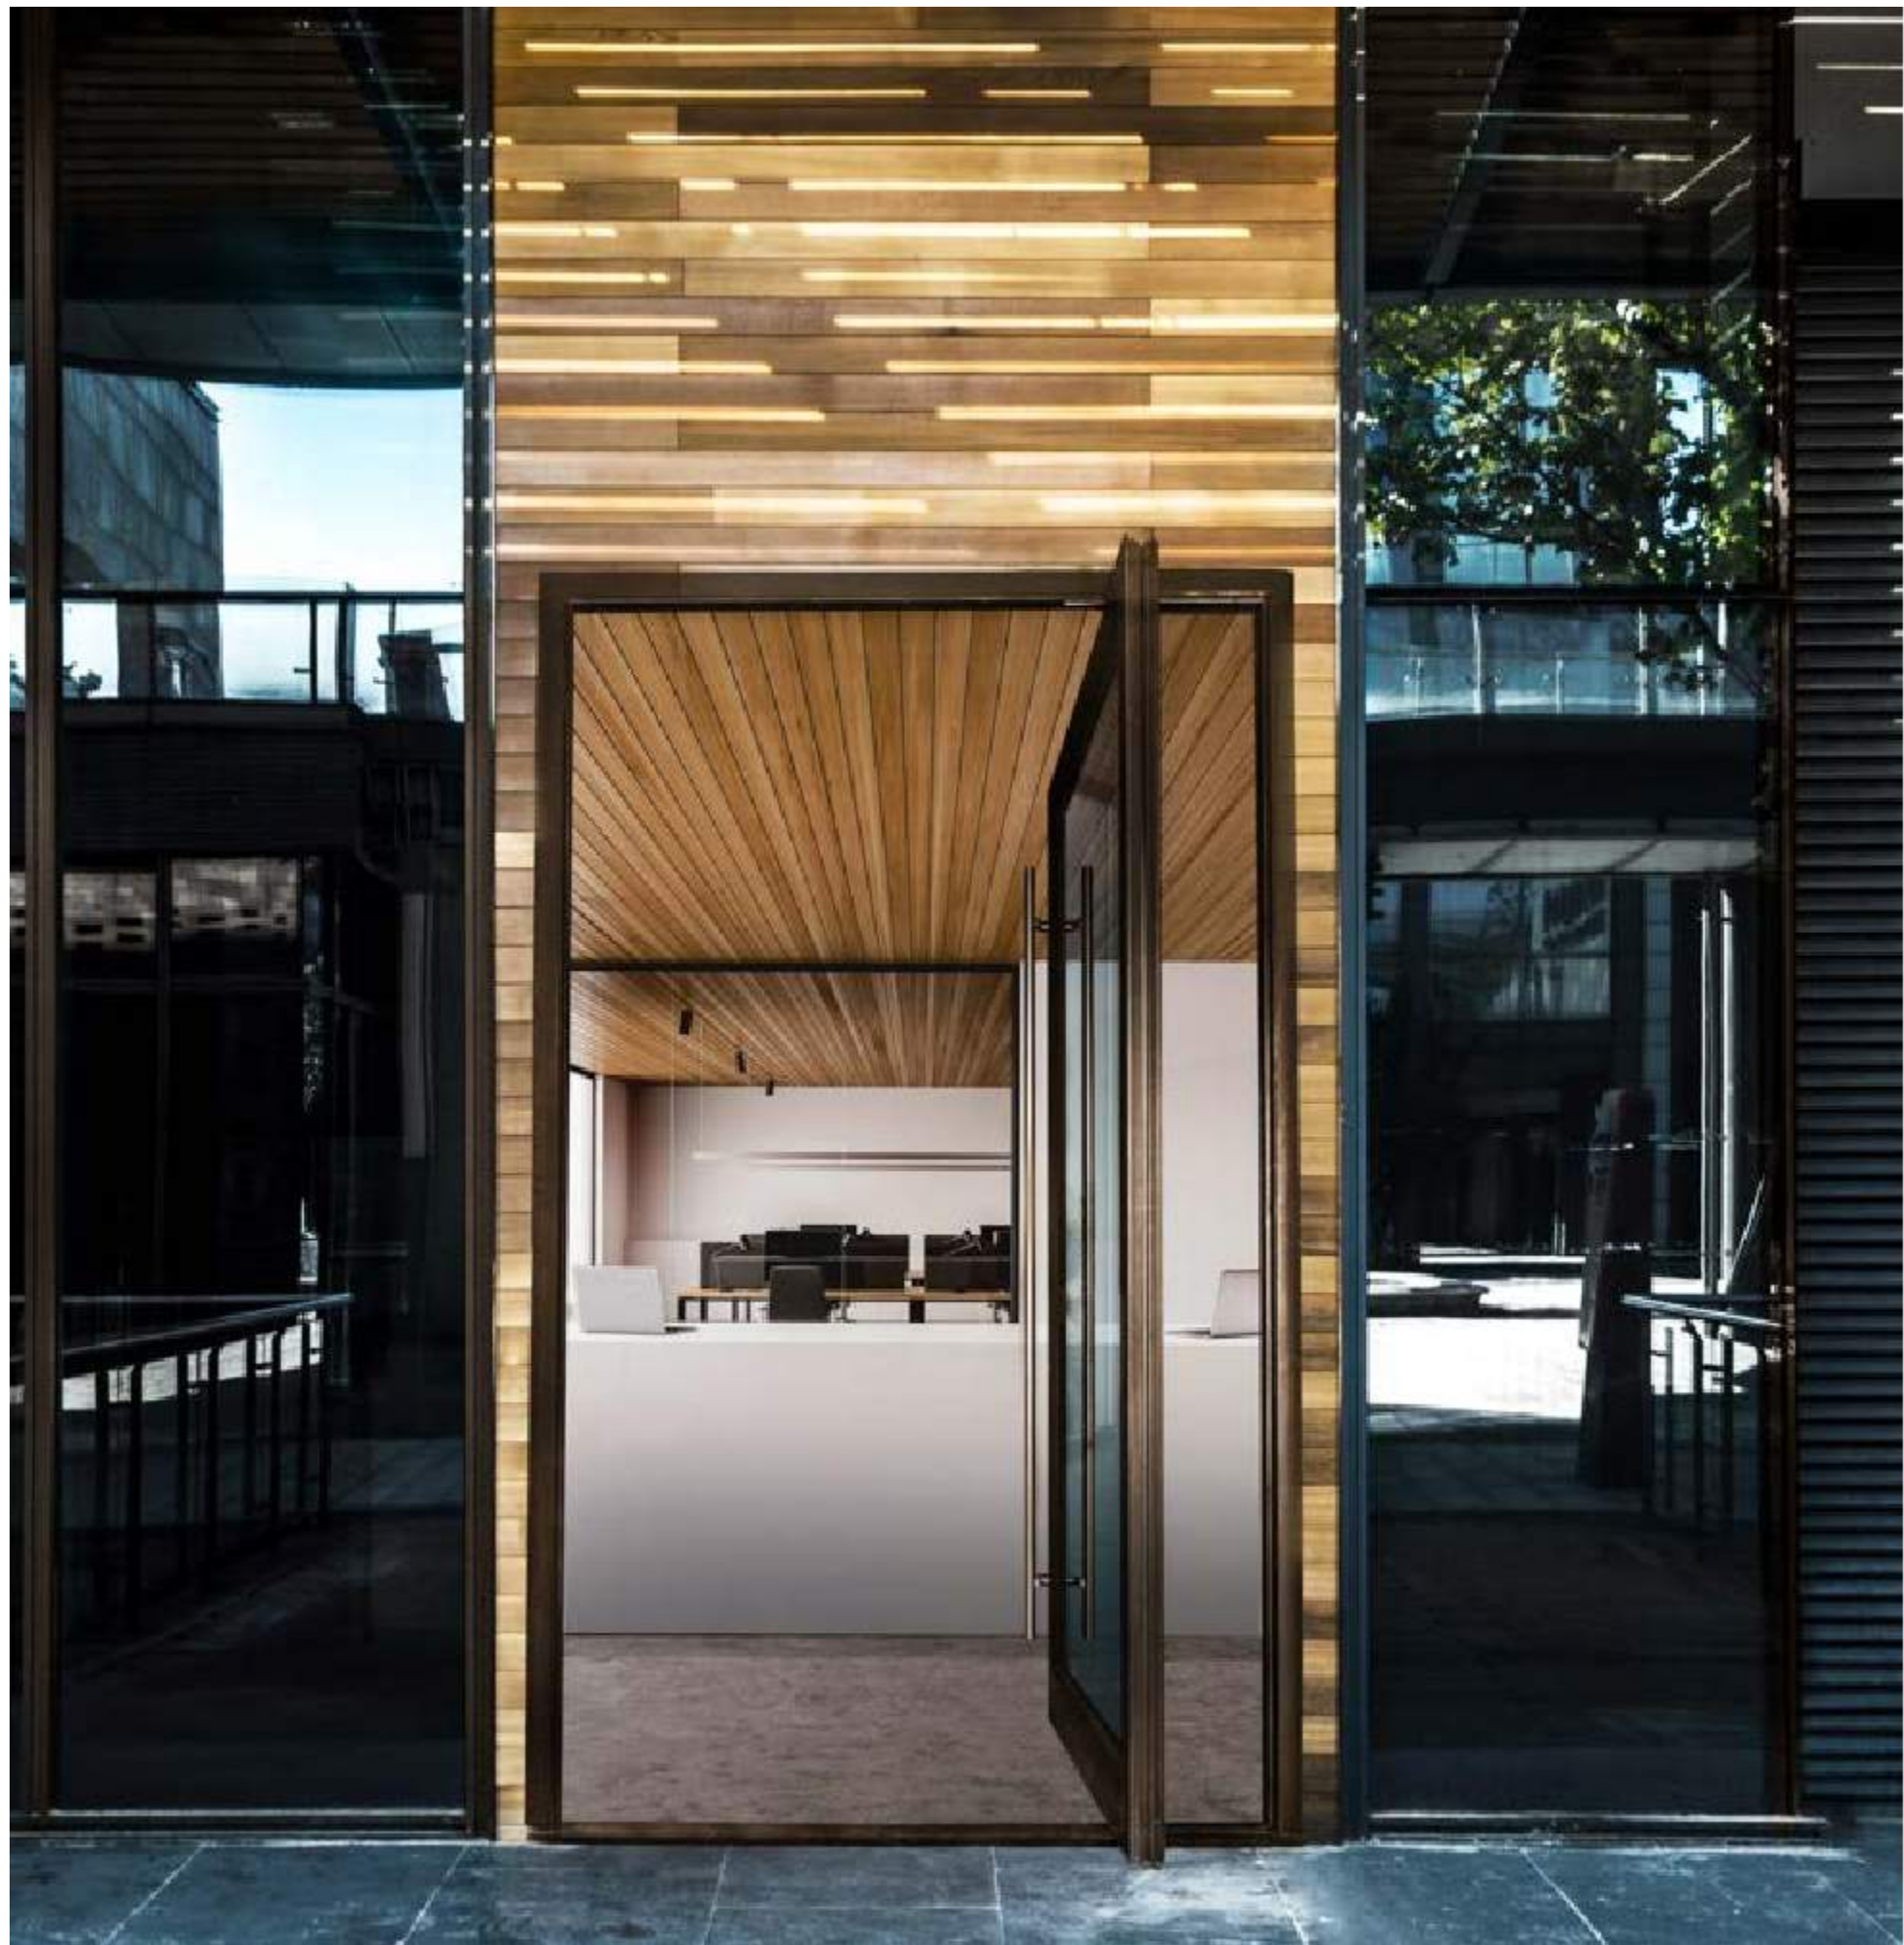

PIVOT DOORS

Our pivot doors offer the perfect blend of modern design, and highly engineered durability. Choose from several design selections or create your own system by selecting a customized track and glass pattern. The sleek lines and beautiful curves of our custom pivot doors complement any setting of any home or business.

COMMERCIAL

Our manufacturers specialize in the design, fabrication, and installation of commercial windows and doors. We work closely with our customers to ensure that their products meet their businesses needs both today and for the future. Our selection of steel and aluminum doors and windows are manufactured in the USA with the latest technology and materials. Our products' quality is second to none so you can be assured knowing your doors and windows will last for years to come.

COMMITMENT

To all of our friends architects...interior designers,
general contractors, and landscape architects.

We all share a common goal...serving our client's needs.
